12. Please provide any additional comments concerning your experiences at SKCTC.

ResponseID	Response
2	I love the welding program. Marshall Smith is the best teacher I believe I've ever had. I feel that I am 100% ready to find a welding job.
5	It was an exceptional learning experience.
7	I have fully enjoyed my time at KCTCS. The instructors have been helpful and supportive. I plan to continue my education and graduate as a registered nurse. This college has helped shape my future.
8	I have enjoyed my experiences here everyone is very helpful and knowledgeable in what they do. Very good atmosphere, its a wonderful school and I will always be thankful that we have this place in our community. Thankful I could get a good education without having to leave this area to get it.
15	I love this place!!!!
17	Odell Wilson is a dedicated teacher that truly cares for the learning and development of his students. I can honestly say because of his help I am able to be more comfortable in the math area.
18	Southeast gave me a chance to express my thoughts and feelings out to the world and now I have a chance to do the same to a our year university college.
22	ALTHOUGH SKCTC IS A GREAT SCHOOL, THE PN PROGRAM WAS VERY FAST PACED AND THE INSTRUCTORS DID NOT DO VERY THOROUGH LECTURES MOST OF THE TIME. COULD BE BETTER!
28	SKCTC has been the best place for me to start the foundation for my college education. Over the years SKCTC has improved and opened a variety of opportunities for me. I hope SKCTC continues to improve and have more degree's and choices in the future.
29	I have enjoyed the home environment and the access it offers to local students that work or cant go away to college.
30	Professor Steenbergen has done an outstanding job in teaching me the skills necessary to succeed in the Drafting field.
35	No thanks

ResponseID	Response
40	Doug herren is a good teacher
42	doug herren is a good instructor. he keeps the class very interesting
43	hope to make it and just keep pushing foward
51	Have had a great time learning and it has ben a great experience in my class the teacher is great with us all if i dnt understand hed make sure i gdid before i was gone for the day he has realy tought me the feild and cnt wait to start
53	Night classes in all professional programs would be very helpful for working individuals.
55	As a working adult looking to be retrained for another field of employment KCTCS has met expectations. All of the teachers have been a real joy to work with. Richard Call is a wonderful teacher. Melissa Helton & Robert Gipe made appalachian seminar an enriching experience. Pat Baker thank God took over the intro to computers, Teresa Osbourne is great too. Darrin Clark makes math not so overwhelming to an old lady like me. Joel Elridge is irreplaceable. Southeast has done well in choosing them. None of my classes were overlarge and the students are a good bunch of younguns. I wondered about that. How is someone my age going to get on with a bunch less than half my age and they have been a lot of fun and very nice. They speak the type of life available here in southeast Kentucky and they do very well. In all I would say KCTCS has provided me with a very good education so far and I look forward to my continued opportunities for learning here with Lindsey Wilson.
56	N/A
59	I enjoyed my learning experience at SKCTCS.
71	Had a great teacher by the name Roger Bowling who broke down and explained things further in detail. He even took my personal calls when i had question about my personal appliances
72	It was a great!
74	very good
75	OK
76	very satisfied.

ResponseID	Response
77	very satisfied.
78	very happy
80	Im very satisfied
81	i was very satisfied
82	Im very satisfied with my colloge experience at the Harlan Campus
83	i very satisfied with my college experience at harlan sctcs
86	The majority of the staff was more than willing to help the students. A couple of the professors were very rude, and enjoyed be belittling there students and conducted there self very unprofessional.
89	Astor Simpson is great!
90	it was a fun learning experience. had a great teacher
92	Thanks
93	Thestaff was very freindly to me at all times
103	Southeast Community College has been a great experience in my career decision. Thank you to all the staff and professors that have been a part of the opportunity.
104	Some of the teachers are very rude and not understanding. The English instructor, Mr. Cox is one of the ones that I would never take again and suggest that nobody ever takes. He is terrible when it comes to understanding life. I had an A in his class, missed maybe one day and missed one test due to daycare not taking my child that day due to personal reasons. Needless to say he made me withdrawl from his class leading me to yet another semester before I could finish my degree. This has been a very bad experience for me at Southeast community and technical college. They are so unorganized and one person will tell you that your ready to graduate and the next will tell you that you have another class. I am not even sure at this point if I am able to graduate because one told me yes and one told me no. This is just a mess. Financial aid women are the ruddest and unorganized people. They are the ones that I am disappointed in the most because they are supposed to help you.
105	Could not get into the business office before the day that school started, because my job at the present is taking care of a old lady full

ResponseID	Response
	time 24/7 so by the time that I made it in the day that school started they had kicked me out of my classes and are now charging me 75.00 for reinstatement and I am paying for these classes out of my own pocket, because while I was in school before and had a grant the counselors did not point me in the right direction.
108	Great experience, while attending southeast community college
109	I could not have made it without help from admissions, financial aid, and my classroom teachers.
111	loved it thanks SKCTC
114	Good collage, student to instructor ratio provides for one on one access when needed.
119	The Faculty was very helpful!
126	It was both challenging and rewarding. The faculty and staff at the Harlan and Cumberland campuses are in my opinion the best in Kentucky.
128	I really liked southeast.
129	I am very happy about the School
130	enjoyed the class
132	It was a good experience for the semesters that I had been at KCTCS.
133	enjoyed the class
134	I learned a lot at Southeast and had a very fulfilling experience.
139	I loved being at this college. It really has helped me developed wonderful skills over these 2 years.
140	I am a returning student after more than a decade. I am just taking classes to finish my degree. Most of the questions do not pertain to my current situation. Thanks
141	I am a returning to SCTCS, after more than a decade. I must say that getting enrolled was a struggle. I was given a lot of conflicting information about what the requirements were for me to finish my

ResponseID	Response
	degree. I am only enrolled in online classes at this time so a lot of this survey really isn't applicable to my experience at this time.
146	SKCTC has taught me to be a better student and to better with what I do. SKCTC has gave me the knowledge in my program to know what I could possibly be facing in the future. I would like to that SKCTC for giving me the opportunity I needed to make my parents proud and be the first of my family to graduate college. So thank you SKCTC.
148	This has been a developmental learning experience that i would encourage others to partake in.
149	Thank you for your time.
153	I really enjoyed my time at SKCTC and feel I received an equal educational experience as I would from a major university.
154	All the staff and teachers were a great help during my time here, if I needed anything I could seek help and they would do more then expected.
155	Everyone was very nice and helpful, if I had any problems they would help me more then I expected.
161	Gary Steenbergen is a excellent instructor
165	I enjoyed attending this community college. My advisor, Ann Lejuene, was awesome. She lead me down the correct pathway that I needed to go.
167	My experience at SKCTC was great! My advisor Ms. Lejeune was the best!
175	I enjoyed my experience at Southeast and look forward to continuing my education.
187	I have enjoyed my time at SKCTC and I plan on returning possibly sometime in the future.
189	I had a very good experience at SKCTC.
191	It was a adventure and a half. But over all a great college and experience. I`m happy with the results.
192	I learned a lot.

ResponseID	Response
193	I learned a lot.
196	I made new friends and i have left here knowing alot more than i did it was fun and unforgettable.
198	loved it
208	wonderful experience
211	Thanks
214	I AM THANKFUL THAT I HAD AN OPPORTUNITY TO ATTEND COLLEGE HERE IN MY COMMUNITY
215	The teachers were very helpful and took the time to answer any questions I had about anything
217	I AM GLAD THAT WE HAD A COMMUNITY COLLEGE INMY COMMUNITY THAT I COULD ATTEND. ONLINE CLASSES HELPED ME TO BE ABLE TO HOLD A JOB AND GO TO COLLEGE. I AM THATNKFUL FOR ALL OF THE STAFF THAT WE HAVE TO HELP US WITH WHAT WE NEED.
221	There are many teachers at this campus tha shows understanding for there students then what i would have ever thought.I believe that this campus has been a great enviorment to me or any one that attends.
225	I am glad I come here.
230	very satisfied
231	It was a great experience.
233	As far as my experience has gone, this is a very good school and I have learned a great deal in what little time I have been here.
235	i have had a truly good experience at southeast community and technical college people has been a good help to me and help future my career
237	The instructors, counselors and staff were very friendly and down to earth which made for a great learning environment.

ResponseID	Response
238	The instructors, counselors, and other staff are very helpful; very down to earth and make a very pleasant and professional atmosphere.
239	I am well pleased
248	I feel that graduation process should be discussed more, I found it difficult to find out information on what the deadline for applications for graduation was and just general information about graduation
249	graduation isn't explained in great detail on how it works and what is accepted
250	The developmental classes helped bridge the gaps in my education. The instructors are great. This was a great experience. Thanks.
252	The nursing program at SKCTC is wonderful and the instructors are very knowledgeable about the field of nursing. The program was hard but it should be that way to properly prepare you. I feel very prepared to take boards and go to work as an RN.
253	I Loved all the teachers they were very helpful and always had the time to discuss anything I had questions about.
254	I have enjoyed being able to complete most of my classes here at SKCTC. Zelma Forbes has become one of my mentors who I look up to as a future teacher. She has been a big inspiration to my education. Mrs. S. Webb is another instructor who has lightened my path for my education. These two teachers have given me the confidence that I need to further my education in becoming an educator myself. Even though I will be getting my degree from Morehead I know that it is here at SKCTC that my educational foundations began. Thank you
255	Loved Southeast Community and Technical College. Especially loved my professors of nursing like Scott Blanton.
256	I have enjoyed attending this college. The professors perform their jobs with excellence.
261	I have have enjoy my program
263	Very good school close to home.
273	I have had many problems with advising. I tell my advisor what I plan to do after southeast and he laughs in my face. When I had a problem concerning my bi-term class he replied, tell your professor of your

ResponseID	Response
	concerns. he did not offer to help. I did as he asked and asked my professor. my professor said to contact my school. I did so the next day, the staff is suppose to be there at 8am and i called a little after 8. i got voice mail. My mother proceeded to contact admissions in cumberland. My mother had to go around in circles before she finally was able to get a hold of someone. After some time they were finally able to resolve my problem with my class.
274	been very good to work with it has been a good experince.
275	I have really enjoyed the machine tool program it has helped in to find my new job
276	staff was very helpfull
278	staff is vary helpful
279	staff is vary heipful
285	It has been very enjoyable, and helpful to my goals.
286	i loved all of my teachers especially Astor Simpson, Sheila Miracle and Joe Marcum! Signed Mychael Dustin Smith they always had time to help and made me work harder
287	This school has made me and my friends that attend here feel like most of the staff-especially the president and the adminastration office personel care for nothing but money. They are very unhelpful, very rude. This is a problem and many people have told me things like this just like how i have been treated or feel like I do. This needs to be fixed. This schools job is to help kids better themselves, not stick their nose up and be rude and look at you like its killing them to talk to you. I dont want anyone else to be treated the way I have by the president and administration office personel. This does not include the man in the office on the left-he is very helpful, my instructor, or the buisness office. Thanks.
288	parking could be better
293	n/a
297	Good college, great teachers I just never felt like I had to push my self mentally to go further.
306	it would be nice if the smoking on campus was controlled better and completely away from us that do not smoke .

ResponseID	Response
307	I turly enjoyed my time here at southeast and look forward to futhering my education form what I have learned here.
315	I had a great experience at KCTCS
322	Very pleased with my experience at Southeast Community College
324	NONE
327	I have had an excellent expirience at SKCTC. My instuctors have been extremely helpful both inside and outside of the classroom setting. The Cumberland campus as a whole has been wonderful, from the bookstore to the administration office. Everyone that I have been in contact with has been eager to please. I am grateful to have had the opportunity to continue my education here.
328	I have enjoyed my classes and I think we have the best instructors at this campus than anywhere .They are very good at explaining to where we can understand and are very supportive of us.Truly wonderful people.
332	On many occasions, my program was unorganized. I feel as if I had to learn almost everything on my own. I did not feel as if I could ask for questions, because it seemed as if I was frustrating the instructor at times. From my experience, I would not suggest anyone to attend this program the way that is currently is. I did not have a good experience.
333	I think the program is great for this area. Physical therapy is a great field to go into, and is an excellent opportunity for a good career choice. However, I was not at all pleased with the program. I would not go through the program again, nor would I recommend the PTA program to other students.
336	I have really enjoyed this experience. I found it to be very rewarding.
345	The faculty here is concerened with the students progress.
347	My PTA program advisor was very helpful in assisting me in class selection. However, I had difficulty with advisors putting me in classes that got my associates degree but did not help to go toward my actual degree plan. I had to change my degree plan several times with the business office because it kept changing to undecided.
348	The limited parking was a hassel because it could lead to being late for class if you must park further away then necessary. Also, the lab for the PTA program leaked water through the ceiling almost always whenever it rained. Half of the PTA program classes involved ITV and

ResponseID	Response
	in the classroom we only had one microphone, so it was very difficult to communicate with our professor.
349	ITV does not work adequately for efficient student/teacher instruction or communication. I contribute my success in this program to my previous experiences and self-taught independent learning. I would not recommend future students to participate in this program.
351	We had considerable issues with our ITV classes. At the end of last semester on Microphones worked to communicate with the opposite side. This made it very difficult and frustrating!!!
352	I am very happy with my experience at SKCTC.
353	The one bad experience i had often was that hardly anyone returns phone calls. basicly everytime you call you get voice mail which is fine but then no one returns your call.
360	The only problem that I had was library time, when my classes were out and I needed the library for study or research there would be a class comming in and I would have to leave in the middle of what I was doing. It would be good if there was a way to create a study room with a few computers that way groups could study and not be run out and it wouldn't interfere with anyone els.
361	I found the staff and facilities at skctcs very accomidating for a non-traditional student.
363	It has been a wonderful experience and a great learning tool.
365	My time at Southeast Community and Technical College has been well worth the time. The teachers are great, and especially understanding and patient.I honestly don't think I could have attended a better college.
368	I truly enjoyed my time at SKCTC, and look forward to completing the RN portion of my program.
377	Has helped me undestand how society functions as a hole.
381	na
382	I am well pleased with what I have been taught through Southeast, I love my teachers and how they encouraged me.

ResponseID	Response
384	I had a great experience at SKCTC. The only thing that I would like to see improvement on is prices of the books in the book store. My only complaint is that the books are over priced and then when its time to sell back books, more times than not, my book wasn't available for return purchase.
386	As a student at SKCTC, one truly enjoys instructors Rhonda Creech and Joel Eldridge. A student not only learns from these terrific human beings but are motivated to succeed. On the other hand, a negative is having to drive from Harlan to Cumberland to attend a class. Many locals drive at excessive speeds and the experience is synonymous to stress and additional finance. Students in Cumberland actually walk to class and those living in Middlesboro have access to most required courses. With that said, one resorts to online classes which means learning with little or no instruction. In the future, I look forward to more in chair instruction and an opportunity to socially interact with my peers in a "campus atmosphere". In other words, there is little recreational space to get to know ones' classmates on the Cumberland campus and zero opportunity on the Harlan campus. Lastly, like most institutions of learning, some instructors earn their pay checks and some do not.
387	Overall, Southeast is the best KCTCS campus I have attended. I wish that I would have taken classes here the whole time I've been in college. Everyone is so nice!
388	I was really encouraged by many of my teachers, they allowed me to believe in myself and they encouraged me that they believed in me as well.
394	I enjoyed the college and had a good educational experience while I was here
395	This has been a great college to attend with small numbers in classes it has allowed the professors to have one on one time with the students which I think is key to success. Thank You.
397	Wish we could print!!!! It would help so much to be able to print Powerpoints, homework, study guides, etc.
405	It has been a good experience.
406	I have always had so much problem with getting info. from anyone in the Financial Aide department over the phone I hate having to go over there every time I need just one little answer...

ResponseID	Response
407	This is a great college and i feel blessed to be able to attend this college. The faculty and staff are always willing to go above and beyond to help the students.
412	My experience at SKCTC was an enjoyable experience. The only thing I would have to comment on is the parking situation and tools available in the chemistry labs. Other than that, this school was an amazing educational and social experience.
414	SKCTC has helped me a great deal with my college journey.
417	I enjoyed the experiences that I had while I was there and I really enjoyed all the professors and such while I was here.
418	The Respiratory Program is top notch as well as the instructors.
425	I had a really good instructor
428	love it
432	Jesus loves you! Read Romans 3:23, 6:23, and 10:9-13. Also John 3:16 and Romans 5:6-8.
433	i enjoyed my time at southeast
434	I think the financial aid coordinator is a joke, she doesn't take her job seriously. she had once told me i had my financial aid money and i even asked her to make sure everything was alright because i had problems in the past with her, and she looked at me and said everything was fine i'll be getting my money that week, that week past and still she told everything was fine....well three weeks had past and she sends me a letter in the mail saying that my folder was not complete and that was why my money hasn't come yet. so if she would have looked at my file the first time i went in there i would have gotten my money sooner.....
436	I have learned a lot here at Southeast in Middlesboro Ky.
439	Southeast in Middlesboro Kentucky was a good experience for me. I got to learn a lot of things through the classes I had taken through the many semesters I had attended here at Southeast.
449	I've had some truly wonderful professors while i've been here. robert gipe, ann schertz, and melissa helton have been huge parts of my success in multiple ways.

ResponseID	Response
455	I liked it
457	I HAD AN OVERALL GOOD EXPERIENCE HERE AT SOUTHEAST.
458	Amazing Respiratory program with excellent instructors!!!!!!
465	Our instructors are the best. I am glad I choose the respiratory dept. at KCTCS
466	I really enjoyed the experience here a SKCTC, I have take a lot of online courses and I received the same help from my online teachers as I did from the teachers that I had in in-room class.
467	Thank you for the opportunity to continue my education!
472	The staff of the respiratory program is awesome
475	Some of the instuctors at SKCTC are awesome they are there to help the students and if you have a problem they are there for you.
476	i hated the parking situation at south east
478	there is none
484	Southeast has helped me in so many ways.
486	It is a great college with a laid back and positive learning atmosphere.
493	The people in the office need to be more helpful. There were many times I walked in and all of them would stare not saying a word. Anything I needed to get done I had to fight to get it accomplished. I would call many times for different people who would not return phone calls. They treat you like you are a bother and were not in anyway helpful.
495	My experience here at skctc has been great. I'm able to furture my education with the degree I will soon have and hopefully keep going here to do so.
496	Really enjoyed my experience as a Respiratory student. Mr Good, Ms Miles and Ms Huff are excellent teachers who truly care about the success of their students.
497	I have enjoyed my time with SKCTC

ResponseID	Response
502	As a student who has attended multiple University campuses and another KCTCS College, I can say that Southeast has went above and beyond my expectations.
503	I really enjoyed my time at SEKCTC. I would recommend anybody to attend our school. It opens up many doors and is such a help financially due to the high costs of other schools.
508	I have enjoyed my experience here very much!
509	I do not think that the Financial Aid Office is effective or knowledgeable. On several occasions, I have had issues with financial aid and the FA officer.
511	n/a
521	The radiography program at SEKCTC in Pineville has great instructors are really prepared me for my future.
525	All the teachers I got to meet and attended class with was really great teachers. KCTCS in Middlesboro has several teachers who go beyond to help serve each student the best they can I know that for a fact cause they helped me and I greatly appreciate them for that.
538	I am very happy that I chose to start my college experience at Southeast.
539	I'm very happy that I chose to begin my college experience at Southeast.
541	Very good learning experience. Teachers are very helpful and the smaller classes ensures proper attention from the teachers when help is needed. Everyone is always nice and eager to help.
543	It has been a wonderful experience, I have worked hard and enjoyed it.
550	Enjoyed my time at this school.
554	Most of my classes were online classes. I enjoyed my classes.
555	the academic support center needs to be more supportive.
560	Very good community college. Gave me the experience that I need to further my education at a university.

ResponseID	Response
566	The student-teacher ratio is amazing. It has helped me a lot to have one on one teaching in the class room. Online classes have been amazing as well. Professors are so helpful through email and blackboard and have had timely responses to questions or concerns that I have had.
568	I am so glad that I decided to go back to school and I thank Southeast Community College for their help and support.
570	wish i had more time
571	class was adequate for the money
572	I was satisfied with my experience at Southeast Community College.
573	The only problem that I have with this campus is that the library needs to be open longer and at least on Saturdays. My family has a shared vehicle and my home computer malfunctioned in the middle of the semester. The hours are not suitable for a college campus.
575	Learning was great, but the class could use a motor grader and a front end loader
578	It was very interesting experience.
579	SKCTC has become somewhat of a second home to me. The teachers/faculty are always here to help regardless of what may be the problem and if they can't then they will find someone who can. Couldn't have asked for a better college that still allows me to stay close to home.
580	I really loved attending school at Southeast. I learned a lot and have many good memories.
583	I had a wonderful time here, though the parking lot was awful and I found it hard to be able to use the computer lab during early hours. The printers also seemed to be out of ink a lot. What was really important was the classes themselves though and I enjoyed almost all of those.
584	Southeast has great professors and they will be missed by me for sure. I am thankful for their time as well as the other staff members! :)
587	Southeast was a great experience for me because it helped me get used to college and the level of learning that is required for college.

ResponseID	Response
595	Overall, SKCTC is an excellent college. It is cost-effective and prepares its students for attending any university of their choice.
596	I had a great experience here. The staff has been great.
597	my experience here has been a good one and has made me learn alot
598	I've had a very pleasant experience.
599	thank you :)
601	I enjoyed attending here very much. Teachers were available. Classes small. Feel like I have learned a lot that I will be able to use in the future.
602	they need people who can give you the right classes and not put you in stuff you don't need
606	This institution is very helpful to their students. I appreciate all the help. This has been a great experience for me. I did not feel like a number or get lost in the sea of faces. Thank you
610	I have enjoyed my time here. i have learned so much more than expected.
613	n/a
614	n/a
615	Anytime that I have had any questions there is always someone who can help me.
616	The faculty and staff at Southeast Community and Technical College Middlesboro campus have made my experiences here at southeast great! I will definitely be upset to leave!
617	I really enjoyed my experience here at Southeast! Every faculty member here was very polite and made the experience here at Southeast more enjoyable.
619	I really enjoyed the classes and the environment.
620	I am very satisfied with the education I have recieved and look forward to learning more about nursing.

ResponseID	Response
624	Since I have been a student at this campus I have developed many new skills and I feel I have been prepared for what is to come in the future.
625	This was a great decision me, and my future in the machining field.
630	I felt like I learned alot at my age to sit out of school for 10 yrs and come back to getting ready to graduate has been a very great accomplishment for me.
633	The only bad experience I had while attending was with Sabine Globig who taught biology at hazard. She seemed to not care about her students, made a point of saying the chances of getting an A were very low. Had questions on tests that could not be answered right and distanced herself from the class, saying she didn't have the time.
634	I think that professor Sabine Globig from the Hazard campus should not have a job with this school. The class I had with her was the worst experience I had while attending. She seemed to not know what she was doing and to not care at all about her class.
635	I had a wonderful time
636	The financial aid office could use more hospitable staff. Also the advisors should learn more about the different degrees that way they know which classes the student needs.
638	There needs to be more development in regards to blackboard classes. Some instructors (Greer-Pitt) are exceptional and write well thoughtout lectures teaching the material and conveying thought. Others I've had (Buell) tend to leave students hanging with the book and offer no real instruction in regards to understanding the material.
639	Happy with my time here
643	very satisfied
644	It's been good.
645	It was a wonderful experience and I enjoyed all the staff members that I meet.
646	Very Satisfied with the program , KCTCS was a good place to go. It's full of good programs , and good to teachers to help you achive your goals.

ResponseID	Response
654	Im having a wonderful college experience. I have learned so much from this school and I plan to keep learning from here.
656	I really enjoyed all my classes at Southeast Community College. The advisors I had were very helpful in helping me acheive my goal. I look forward to attending Lindsey Wilson later on.
658	SKCTC has helped me accomplish what i need to do in order to have a better future.
663	wonderful
664	Very good experience, I'd recommend the Criminal Justice program to anyone who wants a career dealing with Law.
665	Great program overall, instructors actually have field experience which helps a tremendous amount
683	A lot of classes, especially the ones online, are too easy to complete. I feel that they promote procrastination in a lot of cases. I actually had an instructor here tell me to google the answer to my question. I was appauled! I overall have had a good, learning experience at this institution.
684	I have really enjoyed my time here, and found much help from faculty and staff. Most of my problem was myself with constantly being undecided, however some branches of the faculty (mainly the administration) are found to be very lacking, almost to the point of incompetence. With the minor faults however, this school has really helped prepare and gave me a sense of direction for my undetermined future.
688	it has been great.
689	love skctc
690	love it
691	SKCTC has helped me to realize I can achieve my expectations, and has taught me it is never to late to finish what you start. Thanks So Much
695	Very happy with my classes, have had almost no problems with anything

ResponseID	Response
696	It was an excellent experience.
698	Thank you for a wonderful learning experience. I will use this time spent and what I've learned to become a better person. Thank you.
699	n/a
703	I am happy to be a student here at skctc
705	SKCTC was the best community college i have ever attended. the staff was very helpful and the professors were very caring
709	Never underestimate Tutorial Services. When we care, we care and will go above and beyond the call of duty to prove it.
715	I am looking forward to continuing my education into the RN program at SKCTC.
716	Great college, enjoyed the experience.
717	I really enjoyed my time at southeast and I am glad I chose that school to further my education. I would recommend it to anyone who wants to further their education.
718	I don't have any comments at this time.
724	I just want to say I am glad with my choice on attending Southeast. It is a great school
726	None at this time.
730	Very pleased with the faculty at the Pineville campus. I, however, was less pleased with those at the Middlesboro campus. Did not seem to have an interest in their jobs.
731	Great place to learn.
733	We got a lot of hands on experience.
738	SKCTC has prepared me for my new life, four year college and, most importantly, my career.
739	I enjoyed my time learning at Southeast Community College. Go Miners!

ResponseID	Response
747	Really enjoyed the medical assisting program and the instructor was great.
748	I enjoyed the medical assisting program and glad I made this choice in a profession, the instructor in the program was great.
749	Enjoyed this program glad I made this choice for a career. The instructor was great.
754	Great school and I'd enjoyed it.
757	The education that was offered here was the best education that I could have received for a community college. I had a wonderful experience attending this campus.
759	My instructors provided the best education I could have asked for. Thanks to them I am ready to move on to the job force. Thanks so much Mr. Good, Mrs. Miles, and Mrs. Huff!
761	Its Great!
762	Very well educated professors.
763	The Respiratory Program is excellent. All of the instructors are extraordinary.
766	Great School
768	more financial aid officers, more organization in the book store
771	I am very thankful for the learning experience I have received and feel that it has prepared me for my registry examination, as well as a career as a Radiologic Technologist.
773	Overall I have enjoyed my experience!
774	I think that my program seems very disorganized and that would be my only complaint
775	I had a very good experience while being in the radiography program. I would also recommend someone if they wanted to join this program.

ResponseID	Response
776	I was very satisfied with the experience with the college and having the chance to be able to continue my education in the Radiology program..
777	SKCTC provided me with a great learning experience. Throughout my four years at this college I've improved dramatically in social skills, critical thinking & mathematics. SKCTC is a great community college with great professors.
778	Thanks!
780	I am very satisfied with the experience as I continued my education through Southeast. So thankful to get to have the chance to continue my degree in the Radiology department.
781	I have been satisfied with the experience with continuing my education in the Radiology Program here at Southeast. So thankful to have this experience.
782	I have been satisfied to continue my education here at Southeast in the Radiology Program. I am very thankful to have had this experience.
783	Additional parking should deeply be considered.
784	N/A
786	I have really enjoyed it as far as classes and professors. My only problem was the parking.
789	Great college with wonderful classes and outstanding teachers.
790	I truly enjoyed this program of study!
791	Parking is terrible. Something must be done. I feel like I have been unfairly written parking tickets and then harassed and threatened over \$10. Sometimes we have to park in downtown Whitesburg.
804	Very good place for education
806	It was a great experience
814	I have had Teachers that I had bad experience with and I have had excellent Teachers that made it a joy to come to class.

ResponseID	Response
815	I've enjoyed my time learning and making new friends.
817	N/A
818	Records are not updated in Registration timely and transcripts provided are loss. It is very hard to complete online courses when maintenance or upgrades are done when the semester starts and the system has multiple problems and glitches.
822	The teachers here and at the Middlesboro and Whitesburg Campus wer helpful in making my learning easier. They took time to make sure that what was being taught is up to date. aS, Being in my 40's and going back to school was one of the most rewarding things i have done in my life. I would like to say Thank You to all the teachers and staff at both places.
823	Just want to say that there are several nice people here at Southeast and around. The professors and instructors are helpful and down to earth. Would recommend anyone to come here.
824	I enjoyed the over all experience.
830	Advising needs to be a priority
831	no comment
834	Astor Simpson and Saeb Omar are the two BEST professors I've ever had in my entire life. Hang on to them as long as possible.
838	I feel the classes I have taken have helped me to be a better thinker and look at all aspects of the situation.
839	I would just like to thank the program as a whole for giving me the certain tools and providing me with the knowledge in which needed to be successful in life.
841	Great!
844	I have enjoyed being in the medical assistant program and I look forward to trying to find a job.
845	I enjoyed my experience and it was a great opportunity
850	I have been very successful due to the support and encouragement of staff members.

ResponseID	Response
851	i have had a wonderful yet stressful experience at Southeast, and have met some absolutely amazing teachers
853	1. More instruments could have been available in the lab for better hands on learning for the field.
854	Thanks for your help in my career development.
855	none
872	During my time at this school, Zelma Forbes taught me higher levels of math and helped me fully understand them. Ramon Cuellar has been an excellent chemistry teacher and he has helped me through so many obstacles. Great educators!
874	Enjoyed this semester
877	This is not a accurate survey. I simply needed to print the last page and was in a hurry. Please disregard.
883	The college and instructors are amazing, and have greatly influenced and made my program successful. However, the bookstore is the demise of the college. The Middlesboro bookstore is extremely rude and unhelpful, mainly the manager. I refuse to order books from the bookstore, and simply resort to amazon to avoid interacting with the rude staff.
891	I have enjoyed the Nursing program!
898	I have had a great experience here at Southeast and was able to obtain 2 degrees. Thank You very much.
899	I really enjoyed attending Southeast!!
911	My time at SKCTC was enjoyable, but one thing. Financial Aid was the worse organized and least helpful of any other college I have attended.
921	i have truly enjoyed my classes at southeast and would encourage ours to come to southeast.
945	The women that work at the registration office need to work on their people skills.

ResponseID	Response
946	My experiences at SKCTC have been good. The PTA program in Whitesburg needs some work as for as my concern with the staff that deal with this program. It could definitely be better organized.
949	The financial aid office on the Whitesburg campus is a joke. The worker there came into this job knowing nothing of the financial aid process and it clearly shows. She could use an immense amount of training. Also I overheard an extremely obnoxious conversation between her and someone on the phone whom I assume works at the campus concerning a student which should have been a private conversation during lunch and not at 10:30 in the morning when she has 3 people waiting to see her. Ron Brunty although he wasn't my listed adviser, is a godsend. He truly cares for us as students and wants to see us succeed. The world (and southeast) needs more people like Ron.
956	skctc is a wonderful school, they have great instructors.
960	I have enjoyed my experiences meeting new people, the wonderful staff, and all the educational advances that I learned throughout the semesters.
963	Had a great instructor for this program.
966	I began college at age 42 and I have loved the experience. My advisor (R.Cox) was wonderful and very helpful as a teacher/advisor. Everyone that I met teachers/students were very kind and helpful. Also, I love that the school is small and it adds a closeness among all, everyone knows everyone else. The teachers are well qualified to teach in the areas they have been placed. I have been taught so much through this journey and thankful for the opportunity.
968	I was 42 when I began my college education. I have loved every step of my journey. Along the way I have met many wonderful teachers/students. Everyone has been kind and helpful. I am very thankful for the opportunity that I was given.
970	Satisfied with all the class choices available.
971	I have enjoyed learning at Southeast.
974	For the most part it was a great experience that helped me prepare for a larger university. However, the experiences I had with the Business Office, Advising and Financial Aid was unacceptable. No one has a single clue about scholarships. I had the Kentucky Coal Academy Scholarship and all they can tell you is they will get back with you, the scholarships haven't been posted. Yet, they never get in touch. Advising is terrible, I wanted to get my AA/AS and graduate with my

ResponseID	Response
	AAS degree while also getting my Electricity Diploma. Basic classes they we're fairly knowledgeable about but my electricity classes they couldn't help me at all. Professors and students I have met are great people that do care about your education.
978	I want to thank all my instructors for their time and effort for making me a better college student.
979	I have enjoyed being a student at SKCTC.
981	none
983	Wished they would assist more when a problem occurs instead of sending you on your way. This happened a few years ago and I dropped out because of the issue.
984	The computers in the lab are not compatible to the programs that are needed to learn on.
988	Overall I have been pleased with my time here at SKCTC.
991	I think that SKCTC is a really good college system. It's great for busy "on the go" adults!
994	Very pleased!
996	Mr. Greene is an exceptional teacher and I have gained a great deal of on the job training from the HEO program.
999	It was good experience it helped me to understand what college is about
1000	I had a great experience
1003	It's been a great place to go to school and I have learned alot here.
1007	I had a great experience while at Southeast. I would highly recommend this college to any high school student, or any adult that is looking to go back to school.
1011	While attending Southeast I have been encouraged to further my education in a friendly enviroment.
1017	I have enjoyed my learning experience at SKCTC.

ResponseID	Response
1019	Very satisfied with my time spent at KCTCS Cumberland
1022	I learned a lot and it helped me prepare for a university.
1023	I had a really good time here. There are some teachers that I wish I had waited to go to a University to take their class, but overall, it was a good experience.
1025	I loved it!!!!
1026	A great learning environment!
1031	The experience I had here was very enjoyable. I just wish that I had taken more than one of Mr. Cox's classes but, unfortunately, I waited until my last semester to take him so I didn't know how good he is.
1036	Loved it...
1037	n/a
1038	Great class...
1039	I felt the staff at SKCTCS was very helpful and genuinely cared about their students education.
1040	Good school
1041	I felt that the staff at SKCTCS were very helpful and genuinely cared about the education of their students.
1042	I was very appreciative of all the help that I have received at southeast and all the help that I got from my teachers and advisers. I would recommend this college to anyone looking for a good college to help you on your road to higher education.
1043	I am thankful for all the help I received at SKCTC I believe it will help me in the future.
1046	I feel that students who are unable to pay for their tuition are dropped way too soon from their classes.
1052	I loved going to school at southeast. It is a great college to attend. The students and staff was very helpful academically and otherwise. The professors was very great. They tried every which way they could to help you out, and they worked with you on many matters. The

ResponseID	Response
	professors know exactly what they was teaching and they had proper training on the subjects. It was a great experience going to school here at southeast, and i may be attending next year but i have undesided at this point.
1057	Thank you for this wonderful opportunity.
1062	Awesome staff!
1066	Attending was the greatest educational decision I've made.
1067	I felt like I was able to reach goals at Southeast. It was a comfortable, pleasurable, and convenient learning experience. I'm glad I attended this school before furthering my education.
1069	Satisfied with everything.
1074	im very glad i had a chance to go to southeast college it has been great..
1076	none
1080	I have had a very pleasant experience at Southeast. I have attended class on the Middlesboro, Pineville, and Harlan campuses and have had nothing but positive experiences. All of the teachers have always been very helpful.
1084	I have enjoyed being in the machine shop
1087	Being here helped me out. The professors here, really made me think about, what I want to do and the hardwork I'm willing to do to be that.
1093	I have had a very educated experience at southeast that improved my over all analytical and critical thinking skills.
1096	Thank you! Im Ready!!!!!!!!!!!!
1097	Southeast has provided me with great knowledge I need to feel comfortable switching to a different school to continue my education process.
1099	It was a great first step in the right direction. Coming in fresh out of high school, it was nice to be close to home and it also was very helpful in helping me adjust to college life.

ResponseID	Response
1100	Thanks! I am ready!!!
1104	I was very dissatisfied with the misinformation that I received towards my classes. I was told several different things by several different people and no one seemed to know anything.
1108	Very good learning experience.
1110	This program was a perfect match for my profession and was one of the deciding factors used to qualify me for my present position as a curator. Larry Lafollette has put together an excellent program.
1115	I love the experience I had at skctc Whitesburg because it showed me alot and made me a better person and the people are exceptional.
1119	Great program.
1134	The class trains you well and gets you ready for your career.
1135	SKCTS has been a great experience for me and the staff have been wonderful.
1137	The book store was the only issues I had. They never had books I always had to order and even though I rented it was always a hassle and the people who worked in the book store were not always helpful. Also I had to pay new price for rentals more than I had to pay for use.
1138	The book store was the main problem I had. They never had the books when the classes started and because I did not get financial aid, I had to rent my books and most of the time I had to pay to rent new hardly ever used. This would work well for students on financial aid but not for students who are paying their way through school.
1139	none
1140	My experience at SKCTC has been awesome, I have learned so much and now I'm ready to look forward to my future.
1145	The live chat class rooms are better than being there.
1146	Wonderful college to attend that I would recommend to anyone of any age.
1148	My online courses based from campuses other than the Middlesboro campus were terrible.

ResponseID	Response
1152	Great learning experience through kctcs.
1156	I have had a great experiences and would recommend this college to anyone that asked.
1157	I am very satisfied with the education that was provided to me at Southeast. I got plenty of help from my teachers and adviser.
1158	I have enjoyed being a student at SKCTC
1159	I have had an overall wonderful experience that I will incorporate into all that I do within my lifetime Thank You Kelly L. Blevins
1165	I enjoyed this school, am very happy with my two years I spent there.
1166	This program has been a imense help in furthering my education and has been the best help I could have ever asked for.
1168	It was an amazing experience that I'm glad I got to have in my life.
1174	Some experiences that I had at Southeast were good and helped me get ready for my future. The only problem I had was when I would go to the academic support center to study or take a test for a class, people would come in and be loud and not care about the ones who were studying. That was so frustrating for me.
1175	Southeast was a good experience for me. The only problem that I would like to address is that when you have a test or need to study and you go in the support center to do so, people come in and get loud and don't care that someone or a group of people are studying. It's very frustrating.
1176	Ms. Schertz for president.
1179	I have enjoyed my time in the profram and have learned quite a bit
1180	overall i am pleased with my experiences at southeast. The only problem i have had is with my former adviser. i should have graduated in the spring of 2014, but because he never told me that i would be 9 hours short, I have to come back for a 5th semester.
1182	wonderful experience
1183	I have enjoyed my time in class, and I really have learnt a lot

ResponseID	Response
1188	All instructors that I had was very helpful.
1194	I loved it, I couldn't ask for better teachers. They helped me through everything, they really helped me pick what I was going to transfer to do.
1198	Good place to study.
1199	Outstanding Instructors and very helpful staff.
1206	I absolutely adore Astor Simpson and Barbara Owens. I wish she were still there...I don't know what I would have done without either of them!
1207	I look forward to going further with my studies to get my diploma and associate's with southeast.
1215	Great overall experience. Had many great professors and excellent classroom experiences. However, had some issues with the business office about receiving my Kentucky Coal Academy Scholarship for electricity. Middlesboro campus is lost if it does not concern nursing.
1217	Great school and great experience.
1218	great school and great experince. Very friendly staff whom are willing to help
1219	The only thing I can say is that the medical coding class should have been more than one day a week because of the weather conditions there was five classes that were cancelled.
1224	It's been a wonderful experience.
1225	Great experience
1227	The Harlan Campus Financial aid and business offices are terrible to deal with.
1228	The financial aid office and business office were terrible to deal with.
1229	Very good school. You are taught on a one-on-one basis, your are not just a number.
1231	i really like the program that i done.

ResponseID	Response
1232	i really enjoyed the program that i done.
1235	attending southeast has truly benefited me in so many ways
1238	great teachers, i am the first of my family to graduate from college, i haven't yet chose a program of study but plan on attending KSP in august of 2015.
1241	Thank you SKCTCS for giving me the opportunity to work and be a student at your school. I've had the best 2 years of my life because of this school.
1245	Very satisfied with my instructors.
1246	I enjoyed my course leading up to my graduation. The only thing I wish was more worked on is having someone that could help me decide what a good career field is for me. I know it's totally up to me, and I have done my research, but at the same time I'm not sure what all Southeast Community and Technical College has to offer. I originally decided on being a Registered Nurse, but I had a baby during the time of completing my Associate in Science. Unfortunately, he was very sick and was flown to Vanderbilt. Once I had watched him fight for his life for months and seeing how much the nurses done/dealt with I change my mind. Now I am unsure which career to excel. I am taking some courses this semester that will hopefully lead me in the correct direction and help me decide what I would like to do with my life.
1247	There are a lot of fantastic teachers (particularly in courses that support the Arts) that pushed me even further than I thought I could go within the community college system. The Honors program is great and has provided me with many unforgettable experiences as well.
1254	I have always been Thankful and Enjoyed all my Courses of Study at SKCTC.
1255	I Have enjoyed all my Courses of Study at SKCTC.
1263	very good school, helped me alot
1267	I believe that a community college is the first step in academic succession. SKCTC is with out doubt one of the best.
1270	Amazing staff and teachers.
1271	none

ResponseID	Response
1272	I thank the instructors for their time in regards to teaching me
1274	Love it
1275	Had a wonderful experience at SKCTCS. Built upon my self esteem and the belief that I can do whatever I set my heart to do. The professors were wonderful and everyone involved..
1276	I really appreciated my counselor sherry on the Harlan campus for all of her help, she went out of her way to get me on track. And also Marshall Smith the welding instructor for his guidance. I have had many great teachers along the way including Odell Wilson, Elana Scopa, David Ermold, Jean Barnes, Michael Corriston, Robert Gipe and many more.
1277	..
1278	I wish that they offered more class choices at the Middlesboro campus than just the majority being a few basic classes and mostly medical classes. I also wish they would bring back in class math teaching and do away with the computer labs that are more difficult for older students to comprehend. I think it would be a big advantage to offer the Biology labs at school instead of solely online so that students can get a hands on experience versus virtual experience.
1281	Overall, I have had a great experience at SKCTC. The faculty here is fantastic, I would recommend this school to anyone.
1286	I loved SKCTC! I've learned a lot and I'm excited to see what my future holds. The staff at Cumberland and Harlan campus are phenomenal. I truly enjoyed earning my degree. Thank you for allowing me to take this survey and sharing my opinions about this awesome college. Have a blessed day!
1287	I am very grateful for the staff at southeast community college. My advisor and teachers where all fabulous
1291	Excellent experience.
1292	I is a good college
1295	Unbelievable
1303	I enjoy the environment the most and the employees. Everyone is very friendly. When you walk into someones office it is almost as if your walking into your grandparents house. Every member of the staff

ResponseID	Response
	will go out of there way to help a student find anything they need and if they cannot help they will make sure the find someone who can. The campus is always spotless and bathrooms are inviting. This whole campus works as a team. No student gets left behind and I know that feels like more of an elementary term but no one told Southeast that.
1307	I really enjoyed this school and will tell others about my great experience here.
1308	SKCTC is a good school
1311	It has truly been a pleasure getting to know my professors at the Whitesburg campus. They have made a huge impact on life.
1320	I really enjoyed my time here at SKCTC and hopefully I will get accepted into one of their health care programs.
1322	It was wonderful, I cant wait to graduate and further my education!
1328	Studying for my Associates in Applied Science here at Southeast Community & Technical College has been a very good experience for me. I encourage all people coming straight out of high school to stay here and get their basics before transferring, It has helped me tremendously. Thank you, Southeast!
1336	I have enjoyed attending school here for the past year and half and soon to be 2 years of being a student here. All the teachers and staff here at the college are very helpful and will do everything they can to help a student with whatever they need and to make them feel welcome.
1354	It all together very pleasant
1355	I am looking forward to graduation first of all. My experience at Southeast has been very exciting. I hope to return back to southeast in fall of 2015 to work on a program. If not I will continue my degree somewhere else
1356	I loved attending SKCTC. I would suggest this school to anyone. There were times that I did feel like giving up but I pushed myself. I would suggest this college to anyone. I look forward to returning in the fall/2015 for a program. If I don't I will continue my education somewhere else but will never forget what I accomplished at SKCTC.
1357	I was satisfied with my experience and will be coming back to do another program of choice. I was dissatisfied with the developmental math courses. They didn't help at all. I think it should be rethought if a

ResponseID	Response
	student is paying and is right out of high school and is refreshed on math they should be able to take their math courses. From when I was in the developmental course to the higher math the developmental did not help me at all I did better in the regular math. And a lot of people in the developmental failed or withdraled and had to take it the next semester that is a waste.
1358	I enjoyed working with the professors and getting to know my fellow classmates.
1359	finding due dates on the website are a bit difficult, or misleading.
1361	This would have to be the 3 best years of my life. I could not have been any happier with the way my experience went at this College. I was encouraged and had a lot of help along the way to reach the goals that I needed to reach.
1363	no comments SKCTC has treated me great!
1365	It was an overall excellent experience, and there isn't a thing I would change.
1369	My past two years at Southeast has been incredible. College has taught me a lot about my everyday life and I'm thankful to have had the opportunity to attend Southeast.
1370	I enjoyed the faculty and the environment on campus. I have always felt at home.
1375	I would recommend Southeast to anyone!! Wonderful experience!!
1378	I'm very dissatisfied with the run around that I received trying to determine if I was ready to graduate or not.
1382	I enjoyed learning at SKTCS. The teachers have been very helpful and I feel comfortable leaving with the knowledge I have gained here. I have had a wonderful experience.
1385	Darrel Walker is a great instructor, I learned alot through him. He deserves a raise.
1391	It has been a wonderful learning experience. I hope to continue with it also.

ResponseID	Response
1392	I have enjoyed my experience with HVAC courses I have taken and look forward to gaining full time employment in this field.
1393	I have learned, many lessons from being here that wasn't just taught in the classroom. I wanted to Thank you for the opportunity for being able to call this place home after high school and all the lessons along the way.
1400	I had some invested professors and staff who worked hard and pushed me to succeed. I also had some professors and staff who sent me in circles and didn't put effort into teaching at all.
1406	A great learning experience in a small atmosphere allowed me to gain a better understanding of my peers and exceeded my expectations in my academics.
1408	I was well satisfied with my experience with southeast.
1411	I've had some really good professors and some that weren't so great. Overall attending classes through this campus has been a positive experience.
1412	Its great!
1414	I have enjoyed my time here and I feel that I will be successful as well in my future endeavors because of the support I received here. I especially want to thank the Academic Advantage program staff!!
1416	Thank You All Your Help
1417	I very much enjoyed my time at Southeast, and I learned everything that I could while here.
1418	Everything was excellent.
1423	Personally i believe requiring serveys such as this one and signing papers in order to get your degree is a load of garbage i put in hard work for my Associates In Arts, and since i think im doing this for a second time, i can't remember if i did it before i resigned this servey and the paper you sign at reg office, i believe a person shouldn't be screwed out of getting their degree solely based on their inability to sign a piece of paper, try to do better.
1424	I think that this is bullshit, making someone's entire academic future hinge on weather or not they turn in a god damned piece of paper with an id survey attached to it is fucking insane, i put hard work into going

ResponseID	Response
	t college for four years for a two year degree cuz this place is an incompetent shit whole, you guys need to do better, it would be far too easy for someone to hack the system adn get their associates without any classes, getoff your asses and do something right for god damned once, you lazy fucks
1425	All staff members are friendly and are here to help.
1430	I love this place!!!!
1432	dddddd
1433	All around it was a very good college
1434	My experience was very satisfying and helpful
1435	Southeast is very close to home and affordable and made it perfect for me to go to college.
1437	I enjoyed my learning experience at SKCTC. I am glad that I have had the opportunity to further my education at such a great school.
1438	This is a great school with good staff members. They go above and beyond to help with everything you need. I will truly miss this place!!! Thanks for everything!
1440	I am so thankful for going to SKCTC for my mentors. Mr. Astor Simpson & the late Mrs. Sheila Miracle
1441	I was disappointed in the medical coding class being in Middlesboro when all the students and teacher were from Harlan and it being on Saturdays only. Only had half of the semester of class most Saturdays was cancelled due to weather. I felt like the program needed to be more than one day a week for the material that needed to be taught.
1444	Professors were wonderful in helping me reach my goals.
1446	The staff at the Harlan Campus has been very helpful in helping myself attaining my degree. They have help me to further my education thru Morehead State.
1447	my experience at southeast community college has been an exceptional one.
1451	The learning environment was very well

ResponseID	Response
1458	i have to say that Ann Lejune has been the greatest help of any person i have ever meet in my life....when i entered her office to apply for school i was so scared i left crying and today with her help and guidance i am applying for graduation...
1460	Southeast has help me plan, prepare and start my future. It was also very affordable for me and make it easier to go to school, it being so close to home.
1464	The honor's program helped me 200% more than any other class on campus; in fact, it picked up and filled in where other classes I have taken failed. Likewise, the tutorial services offered is incredible.
1469	I understand that classes in the classroom are more difficult and online classes seem to save a lot of time, but I really think that a lot of online classes should be provided in the classroom as well. Not everyone can teach themselves some of the subjects that are provided online.
1470	love it
1471	I have enjoyed my time spent at SKCTCS. The instructors are knowledgeable and helpful when you need it.
1472	Been great!!
1474	enjoyed this program very much
1475	it was ok
1479	N/A
1481	Financial was very unsatisfying! They did not want to help me with my financial aid. They looked at me like I was ignorant when I had a question. They weren't friendly at all.
1482	The only complaint I have is concerning my SAP Suspension. I was ill-informed about the situation, and given very little time to resolve the issue. No warning, no information was given. Other than the above complaint, I have had an amazing experience with this College/Program.
1489	Southeast is amazing!!
1491	I would not recommend this program to anyone.

ResponseID	Response
1492	Ive have enjoyed my time here
1493	n/a
1494	It was fun learning about my interests.
1495	I would have like a better study area for the school. The library tends to get to crowded and loud.
1499	I had a wonderful experiance with my time at southeast. I have really enjoyed it.
1502	I feel this college met all the requirements I need for future employment.
1503	We could used more study places in the school.
1512	skctc has been very helpful in the advancing and furthering of my education and life! over all i'm very pleased ,
1517	Financial Aid should provide better assistance to workstudies and information.
1518	i am starting back in college after being in the work place for about five years and i am excited to further my education and have this opportunity
1519	Financial Aid needs to provide students with more help and time.
1523	This is a very good school and I would recommend it to others.
1524	Very good school and I would recommend it to everyone.
1525	Very good school and I would recommend it to everyone.
1526	Very good school would recommend others to attend.
1534	The bookstore is terrible if I wanted to get robbed I would of moved to Bronx. I would not recommend no one going there at the bookstore. They not helpful or nice. Especially the manager.
1535	THE BOOKSTORE STAFF AT THE MIDDLESBORO CAMPUS NEED HELP.

ResponseID	Response
1537	Fuck em
1539	Need more time from beginning of semester to assignment due date in order to obtain textbooks and materials..
1543	I loved my experiences at Southeast and I feel confident in my self to succeed!
1545	excellent experience with learning and using the tools to further my education
1547	very satisfied with the college. wished i could stay here and get my degree i was acheiving for. i liked it because of the athmosphere, classes, employees are wonderful.
1549	It took 5 years working full time, going to school part time and still manage to support my three children, so yes if you work hard it will pay off in the end.
1551	I have enjoyed attending both the Middlesboro and Pineville campuses.
1556	I could not have picked a better institution to begin my college education.
1558	great gateway institution
1560	I think the whitesburg campus needs more parking because there just is not enough
1569	I enjoyed my time at SKCTC and and very happy to be graduating
1574	Southeast is a great place to begin your college education or to complete a program for a career. In my time here I have learned a lot and met some great people. I would recommend anyone to come here.
1575	I loved my time here at SKCTC.It was full of wonderful experiences and learning fulfillment.
1577	AWESOME!
1578	The phone service at the campus needs work. One can never call and reach the appropriate person and sometimes not even an operator. A real person seldom answers the phone.

ResponseID	Response
1579	The telephone services at the Middlesboro campus need work. They seldom work, sometimes not even allowing you to speak to a operator, or transferring to a completely differant department than what was expected.
1580	na
1591	nothing realy
1595	Everyone who is a part of the Southeast College have been super nice and reaches out to the students for support and encouragement. All the teachers, advisors, and other members don't just say "we want to you succeed," but they prove it with their actions by making themselves available through e-mails, extra time after class, office hours, and by showing students where they can find additional help online or through tutors. And here, I'm not some number, my teachers knows my name, and that makes a huge difference in comparison to other colleges.
1598	The teachers were amazing and did everything they could to help you.
1607	Overall my experience was decent. I completed all courses in the electrical field at KCTCS. Then when I finished it was said that I did not have one class but I took all classes that were offered.
1608	It was great!! Highly recommend to anyone applying to college here.
1628	Southeast gave me the confidence to succeed and help me see my goals through.
1632	I do not have any concerns.
1633	I enjoyed the classrooms. The teachers go far and above to help the students if they have a problem or just dont fully understand what is being taught in the classroom. As a student I have found many resources to help me fulfill my plans of getting good grades and being accepted into programs.
1641	I loved my experience at skctc if I had to change one thing I would put pop machines in the Belinda mason building and build a bridge going from the secondary parking lot to the parking lot on the near side of the creek.
1644	I have really enjoyed my experience as a student at KCTCS.. And I will take this with me as I go further with my education!

ResponseID	Response
1648	I was not an attendee on campus at SKCTC. I have attended on campus in Owensboro, KY only. Classes for me have been mostly online. Great experience and I truly wish I could remain in this program structure to complete my next degree. I have recommended this program to everyone considering extended education and as a perfect solution for anyone with non-traditional student needs. The support and instruction have been really great. Thank you for supporting me and my success.
1655	I really enjoyed my time at SKCTC, I feel that with what I have learned from my instructor, and other students, that I am equipped with all the knowledge and skills I need to be successful in my future. Thank you for letting me be a part of your school, and for giving me what I need to have a chance at a great future!
1657	I really enjoyed my time at SKCTC. The staff was very friendly and helpful in every way possible.
1659	I loved this campus, and enjoyed all of my time with my instructors that helped me further my education.
1660	I've had an awesome time and learned a large amount of information.
1661	I enjoyed my experience and I've learned a lot.
1664	n/a
1667	the class breaks down hvac step by step for easier learning
1668	I love kctcs @ it's instructors. The best college experience by far.
1670	i really like the skctcs email because it let the students have away to keep up with there classes and the work
1677	this class helps me to beable to break down hvac and solve problems step by step
1678	I had a blast experiencing this program and cannot wait to use the knowledge that I have acquired in my choice of work.
1680	The service here was great! A . The 6 semesters here have been the greatest of my life. The staff has been more than helpful and even wished me a happy birthday this year.
1681	none

ResponseID	Response
1682	Very comfortable.
1685	I was very pleased in my experience I have had since being a student at KCTCS. From there I will be able to take my learning and concepts with me while furthering my education.
1686	I enjoyed time here at SKCTC!
1692	I FEEL THE MRI PROGRAM IS A GREAT OPPORTUNITY TO PROFESSIONALS IN OUR AREA. I JUST WISH IT COULD HAVE BEEN FORMATED TO INCLUDE A LITTLE TEACHER TO STUDENT FACE TIME.
1702	Roger Bowling is an exceptional instructor.
1703	I have good experiences and have learn a lot about heating and ventilation
1718	Overall, it was a great experience!
1719	I had a wonderful experience at the Whitesburg KCTCS campus. The campus has wonderful staff and students. I loved attending this campus.
1721	Professors care about the individual growth of students, and not about whether a student can memorize and recite material. They encourage and teach critical thinking and abstract thinking to solve problems and/or explain phenomena. Background is taught, not just current answers and explanations.
1722	Ron is awesome
1723	Ron is awesome.
1734	During winter weather I feel that Pine mountain wasn't considered when deciding to call class off or not and as a Nursing student you can't afford to miss out on class time.
1744	I never thought that I would be so interested in my education until I started at South East.
1745	Enjoy the home town feel.

ResponseID	Response
1748	I have had a great time learning at SKCTC and would highly recommend this college to any person seeking to further their education.
1749	Southeast is a great place to get an education. I enjoyed every minute of it. It is a good transition school between high school and a larger college. The faculty and staff are very capable of fulfilling all my needs.
1751	Fix the printer in the library
1752	lovely. you get what you give, if your willing to learn someone here will teach you. it gives you all the tools you need for the next step. I am extremely proud to have such a good community college in my area. from my years here I can say they have surely dedicated themselves to improving.
1754	The online courses draw attention by saying they let you learn at your own pace and time. They have set deadlines and if you miss one in a busy schedule, you are doomed to suffer a bad grade and a drop in GPA as the result. So far, I have seen 2 online courses here at KCTCS that follows through on this "learn your way" motto and personally I feel as though the others were cheating me out of learning the subject and only teaching me how to get the most amount of satisfactory work done in the shortest amount of time. I work nearly full-time, have to travel to complete my classes, am juggling applications for Fall semester, and financial burdens. I am dissatisfied with my knowledge from the online courses and even more dissatisfied with the number of courses that are advertised but not offered near our location or not at all. It's enough of a burden to have to learn things by yourself, hear them regurgitated at you by the professors in class, with no alteration to what you've already learned, and still try to have a decent GPA. I may have went about this the wrong way and made it harder on myself, but as of right now, I can pick a handful of professors that I can legitimately say have taught me what the course was intended to teach me, and were not inconvenienced to help me through the subject. I appreciate them and I hope that you know who they are. They stand out and are a wonderful group of people for their hard work and passion.
1755	Fix the printers in the library.
1757	the parking on the whitesburg campus is atrocious, all the money this school gets and we cant have decent parking? sure there is parking... for like 50 people, more people are attending this school because of rising costs and its central location. invest in decent parking for your students

ResponseID	Response
1758	I liked the program.
1759	the student parking is awful! i really dont like having to park on a differnt street and walking to class. you guys need to expand the student parking!
1760	i liked it
1762	I enjoyed my time at South East. This is my 1st time taking classes in English as a primary language and doing any work on a computer but the academic advantage and adult education centers on the Cumberland campus helped me allot to get on track with basic stuff that everybody else already knew but that I've never done before.
1768	I was overall pleased with the environment of the learning I experienced here at KCTCS. Some of the professors seemed more preoccupied with hearing themselves speak or other tasks if Online rather than actually teaching us anything. I learned a little information and skills in each class but a handful of my professors really taught me the subject and course matter and I appreciate that. Some of those people are Mrs. Alexa Bowman, Mr. Richard Call, Dr. Druen, Mr. J.T.Oney (adjunct professor), Mr. Odell Wilson just to name a few. There were a handful of others but many of my online courses (excluding those taught by previously mentioned professors) seemed almost pointless and I just completed them "for the credit value" they gave. The courses that were advertised were exponentially greater than those that were actually available to students in one area. While the online courses offer the Illusion of convenience, it would be a severe mistake to make a complete conversion to online courses without first reforming how they are instructed. As far as the course content that I had to take versus the course content that was available, I feel as though my Associates in Science Degree (if I may receive it) has no more equipped me for my future studies than if I had received an Associates in Arts or some other random degree. I really do not understand how so many degrees can be so-called offered with such a slim variety of courses that are actually available. Many of the problems I had throughout this entire college "adventure" and many of the questions and terms I never heard of or didn't understand should have been covered in the Introduction to College course that was mandatory for all of us freshman to take. Personally, that class was a joke, a waste of time, and completely erroneous in introduction us to the college environment. It was just plain wrong!
1769	The entire admissions/registration staff needs fired.
1770	Considering this makes the 3rd time I've had to complete this survey. I have nothing more to say.

ResponseID	Response
1778	SKCTC has been a great learning experience. It has provided great tools, that I'll be able to use in my future career.
1779	Good School
1786	This is the best College in the world.
1795	Very good professors, especially Joe Marcum, Dr. Omar, and Astor Simpson
1804	SKCTC has been wonderful. It has truly given me the tools, that will brighten my future.
1809	I enjoyed my years here at the Middlesboro campus. There are many helpful and nice teachers, I feel I learned a great amount.
1812	Great campus. Friendly and knowledgeable staff. Only two problems are that it would be nice if the parking was a little closer and the prices in the bookstore are outrageous. I can buy all of my books online for the price I would pay for one book at the bookstore. It's way too expensive. Not many people can afford those kinds of prices.
1813	I have enjoyed my time here
1814	Excellent staff and educators. I had attended two other colleges prior to KCTCS and over all this was an fantastic place to learn. KCTCS was cooperative with my schedule and flexible with how I chose to learn. Thank you so much for the opportunities I have now been afforded.
1815	Everything is great except for two things. The first being that I don't like the fact that the parking lot is so far away. You have to get here 20 minutes early to make it class on time. Oh well. But mainly is the bookstore. The prices there are insane. I can buy all of my books online from outside sources for the price I pay here for one book. In today's economy, even with financial aid, no one can afford those prices. We are trying to get an education so we can start a career, we are not trying to go bankrupt before we even get our foot in the door.
1816	The only problem I have is the prices at the bookstore. I can get every one of my books online from outside sources, ie amazon or ebay, for the price of one book at this bookstore. Those prices would cause someone to have to file bankruptcy. We are all going to college to better ourselves. College life is hectic enough as it is without having to work a second or third job just to pay for books. Why not let us rent them for \$20 or \$30 or free?! There's no reason to charge \$300 - \$500 for a book!

ResponseID	Response
1821	The staff as well as the instructors are always eager to help.
1822	It was an amazing time here, the Staff and Students were a blast. This is memory that I will never forget.
1823	Blackboard needs to be more operating.
1824	Need more parking.
1831	As much as I could ask for from a two-year college. I do wish that some of the staff would have been more professional and that deadlines and important emails weren't lost amongst all of the college spam email. But overall it's been alright I guess. There are a few of the staff that make up for the rest.
1833	My experience at Southeast has exceeded My Expectations. I could not have asked for any better Instructors, Advisors or Business Office Staff. I encourage everyone to attend Southeast where all your Dreams really do come true.
1834	I enjoyed my time here and learned a lot. I appreciate the help of all the advisors especially Shelia Gordon. She has went above and beyond to help in any way possible over the course of my 2 years
1835	this is a wonderful college and helps get you prepared for your job
1836	It was an experience that took several years due to family obligations. I didn't have a great experience at the beginning of my college, I withdrew or unenrolled from several classes and still received a failing grade. My current experience has been very good and very satisfactory.
1840	I have enjoyed my time here and have learned more than I thought possible for me.
1843	I really enjoyed being at this college. its been a very good radiography program
1846	Very rewarding experience.
1853	I have enjoyed my experience at this college
1854	learn a lot in all my classes
1855	learn a lot in all of my classes

ResponseID	Response
1862	In regards to the bookstore, the woman was so very rude, it would absolutely keep me from ever purchasing anything from store. In regarding my Anatomy(online course), it's a shame I had to correct the teacher, Valeen Sallan, she did not ever provide any type of assistance, didn't even respond to emails until I over loaded her system. Was not happy with either bookstore or the instructor in Anatomy
1863	It was awesome!
1872	I have attended Cumberland, Harlan & Pineville Campuses. Each one has brought a new experience.
1873	I was very satisfied with the program and the professors. I have already completed the medical assistant program this is for medical coding classes which the survey did not have it to choose from.
1880	n/a
1881	Mr. Astor Simpson is one of the best advisers and professors I have ever met, along with Ms. Victoria P. Cloud and the late Mrs. Sheila Miracle.
1882	I hated the times i had to go there wasn't enough time in between classes to rest between tests and why was it on fridays and saturdays? Friday was a late class but the time you come home and study for tommorows test you couldnt cause saturday was a morning class. I hate the microphones in the classes too. The eTV was a bad idea cause it was unfair for the other campuses.
1887	Ron Brunty was instrumental in my achievement. Very grateful for his efforts on my behalf.
1889	have enjoyed my time at southeast!
1892	I had a wonderful experience and I look forward to finishing my career as a PTA by 2018.
1893	it was good
1897	I have really enjoyed my experience attending Southeast!!
1905	Mrs. Redmond is a very sweet person and I feel like she has a passion for the job she did and now teaches. She was very wonderful and I enjoyed her very much.

ResponseID	Response
1921	I have completed the Phlebotomy Program and plan to continue to the Lab Tech Program as soon as possible.
1932	KCTCS gave me the ability to believe in myself and no I could succeed in anything i set my head to.
1933	My advisor, Sherry Tinsley played a key role in my success while I was a student at SKCTC. I can't speak on behalf of the other advisors, but I know that Sherry has made a positive impact on me during my time at SKCTC.
1934	<p>The school itself isn't a problem. However, when advertising the numerous types of classes that are offered, it should be noted with great importance the scarcity of non-online courses. The level of instruction received in online courses is dwarfed by the quality of some in-class courses. To name a few notably great teachers Mrs. Bowman, Mrs. Creech, Dr. Druen, Mr. Call, and Mr. Gipe. My online courses did not meet my expectations. I needed a course that would allow me to do my study at my own pace, not overload me with work that required me to neglect my job or another course in order to complete theirs. Out of the online courses I enrolled in through out my time at SKCTCS I would say a handful actually allowed me to do this. The others--Including the chemistry class that I enrolled in over the summer--penalized me for working at my own pace. The chemistry class even shorted my score. He noted in his syllabus that the late homework would have a -2.5% deduction on the final assignment score automatically for every day it was late. When i turned in assignments late, this should have already been set to do so. It was not. When asked about it in an email, which I still have in my possession, he said that the syllabus had not changed and he corrected the settings for those particular assignments but not the course. The end of the course came and it was crunch time. I had worked like a dog at a minimum wage job to pay for two summer courses which were more expensive than the business office had told me they would be only to fly through numerous assignments and Ace the final. Only to find out that he hadn't changed the settings and all my hard work was all for naught. Then he refused to change the grade because I sent him an email in the last few hours. He stated twice that the penalty would be -2.5% reduction and 100% of every assignment was taken from me. I felt cheated and just based on the difficulty I had with the online courses alone I have told people to not go to southeast unless they were prepared to be perfectly on their own with everything. Like I said, however, there were a few exceptions to that statement and I greatly appreciate them and their efforts.</p>
1939	Beginning each term always was a struggle it seemed. It was hard to get financial aid straightened out. Otherwise my experience has been very positive!

ResponseID	Response
1941	I have been very pleased with working with the advisors and Professors here at KCTCS.
1942	none.
1943	it was great
1944	Great place
1946	Great school lots of help for the students. Parking could be better for like the winter time and when it rains so we do not have to walk as far.
1952	Parking lot is to far from buildings and needs more visitor parking. We do not like to walk in the rain or cold weather.
1953	NA
1955	Everyone is very friendly, and treats you like family.
1962	I have learned a lot threw my experience at college
1965	I loved attending SKCTC. Very friendly environment with teachers who genuinely care about their students. There was bountiful help when needed and plenty of resources for studying.
1967	Well, Ron Brunty needs to retire. He is unprofessional and rude. I was very disappointed in how he has acted towards me(as a SKCTC student) lately. He does not have the proper attitude to "deal with" students. Please consider putting someone else in his position as "Counselor and Advisor".
1968	I feel as if my instructor didn't actually know much about the medical coding field. I felt as if she just graded our papers according to her instructors guide. She couldn't give me informative answers to my questions.
1969	I took an online course through distant learning. I felt as if my instructor didn't actually know the medical coding field. She couldn't answer many of my questions. I have studied hard and tried to seek help outside of my course with some success. I wish my instructors would have known more about the field instead of just referring to her instructors guide for answers. Other than that, I have enjoyed the course and learning the material to further my career and future!
1975	Great community college. needs more parking places.

ResponseID	Response
1983	My MA professor April Fleming was awesome. She was always willing to go above and beyond to help my classmates and I. I'm very thankful that I got the chance to earn my diploma under her, Thanks for everything April.
1986	The staff at both Cumberland and Whitesburg have been very kind and helpful in the development of my education. I have come to know and love the teachers I have taken courses with. I would be more than willing to come back for another degree here.
1989	It was a great experience, I've made friends I would've never made otherwise. My counseling was always great, and my advisor was very adamant about me choosing a path that I love.
1990	Great staff and flexible hours was a big plus.
1991	Absolutely loved the MA program. April is a wonderful instructor and was very devoted to her students.
1994	I had a very pleasant experience at SKCTC and would recommend this college to anyone. However, I feel as though some advisors need to make sure and double check their students classes when they are about to graduate to allow them the ability to do so in the time they anticipated. I also think that some advising faculty should also make sure that there is no student present in the area before making rude and complaints about having to attend to students, especially to other faculty members.
1997	My overall experiences with SKCTC has been very good.
2006	Everything is good here, wish they had at least one area for the smokers. They all just pile up next to stop sign.
2013	it was good
2015	It's great school.
2016	fair enough
2017	muy bueno
2019	It was a good experience.
2020	I assumed that this survey is specifically for the NA class. Mrs. Brock is pretty awesome.

ResponseID	Response
2022	southeast is a great school
2025	great school I miss it already
2033	I've been very well pleased with my teachers and colleagues, and the classes taught me what I need to know
2035	Everything was okay, however financial aid contently had something wrong with my account an i had to make several trips from my home which 45 miles away to fix issues, the price was reasonable for the schooling i recieved
2037	Great school!
2040	You do not get much help when it comes to what you need to graduate. I basically had to figure it out for myself because I was constantly being put in classes that I did not even need and I could not get a clear answer on what exactly I needed to take to achieve my goals and graduate. All in all I attended this college because of the price. The teachers I feel do not care as much as they should and the advisors do not help much either.
2041	none
2043	Although the specific counselor I had for transfer work and general degree counseling was exceptional, I feel like most other counselors do not put enough effort into helping the student, with some exceptions.
2050	I was very pleased with the experience at SKCTC
2060	Will miss all the wonderful teachers and students we all became close and like family through all the good and bad.
2062	I'm glad that Southeast is getting the school and program that I want to transfer to on it's Cumberland campus.
2064	I'm glad the next step of classes and program I'm going to try and get into through eku is coming to the cumberland campus
2067	I like the small classroom feel and I enjoyed attending Southeast for the most part. I like the way the school operates honestly. I like that the campus isn't hard to learn and easy to get around.

ResponseID	Response
2070	Really enjoy SKCTC. Hate to have to leave, feels like a "second home." Have wonderful professors and advisors who care. Really hate to transfer but must to complete higher degrees.
2071	Really enjoy my time at SKCTC. Has a friendly and comfortable environment with great people. For the most part, had wonderful professors and advisors that care. Hate to leave, but must to further education.
2073	Wonderful instructors and advisers.
2075	Southeast was a perfect place for me to start my college experience. I have enjoyed this school and all my teachers and I am so glad I chose this college to begin my career.
2079	The classes I had this semester were really hard but, in some ways they prepared me for a job in my future. I understand that college is for preparing students for their future careers and to be challenged as well. I do have a disability and I felt like for the English and Math classes I had throughout my college experience, I wasn't getting much help. I did use the support center when needed but, still felt like I was not getting the extra help. College has made me more responsible since I started in the Fall of 2009.
2080	Love this college and all the professors.
2083	I have enjoyed my experiences here!
2084	No comments at this time.
2085	I think they need more parking spaces in the back for students to park
2089	These computers are very slow. Maybe they shouldn't have windows 7 on them.
2090	Thanks
2092	I've enjoyed my time at SKCTC. I've found that my instructors really cared about the education of their students.
2099	I am grateful to have been able to study at Southeast, I am very satisfied with the facility and the staff.
2102	I have been going to Southeast Community and Technical College for three years now and I have loved every moment of it. You feel like you are part of a family. This college has also increased my education and

ResponseID	Response
	helped me to be able to move forward toward my goals to become a Elementary teacher.
2106	my whole time here has been wonderful. All the teachers have been great, friendly, and professional
2107	If it had not been for my advisor, Paige Cloud, I would not be graduating early. She really made my first two years of college a little less stressful. She sincerely wanted me to succeed and to transfer with all the distinctions that I could.
2111	N/a
2113	I enjoyed my time at SKCTC, it was a big change from UofL but just what I needed to ease myself into the college world. Now that I have a sense of what college is like, I believe I am ready for the next step in my life, to transfer to UK.
2114	Southeast was such a blessing to me. I was not only able to grow cognitively, but I grew as a person. I was able to see my potential again. I loved it here and Southeast @ Cumberland Campus will always be home.
2121	The teachers could do a way better job with student relations. Some of them refuse to answer their emails and when you work you can't meet them in their office. I feel like that could have been way better. Also student life is dead, way past dead. The crew whatever's are a joke and I did not like nor appreciate them.
2123	Students need more parking!
2124	Had a very good experience.
2125	Overall the College gave me the tools i needed to move to the next level and I had a great experience.
2127	I have had an amazing experience. All the instructors have been exceptional and I appreciate everything they have done for me
2129	My experience with SKCTC has been fantastic. All the instructors & staff were very helpful & went above & beyond expectations of their duties for their positions.
2132	I would reccommend this school to anyone. It is a fantastic school.

ResponseID	Response
2139	Southeast recieves a lot of doubt from the community since it is a community college, but Southeast and its professors have helped me personally in many different aspects.
2140	I have enjoyed learning at K.C.T.C.S. Middlesboro Campus. It has been a blessing to have it close to home. I am thankful to have been able to access the library during my study needs. The best part of all is the faculty at the Middlesboro Campus. They have directly impacted my life. They have contributed to the direction of self-help and critical thinking. With the counselors' guidance to keep on pursuing my education, I begin to realize how much they have brighten my outlook. I will always be ever so appreciative of the enlightenment of knowledge that I have gained at K.C.T.C.S. Middlesboro Campus. Thank you for being there every step of the way. May God Bless. Respectfully Always, Maria A. Wyatt Warren
2143	The campus could benefit from some diversity
2144	I have had a great experience overall attending this college. Everyone has been very helpful with any issues or concerns I have had.
2148	I would have to say how pleased I am with all of the helpful and friendly people that works at this school, through my journey here.
2158	Excellent program, excellent respiratory instructors!!!
2162	Southeast is a wonderful educational institution. The faculty and staff were always so helpful and willing to help when needed! This is an A school, hands down!
2176	my experience was all around good in the radiography program the only thing i would say is the xray machine might need updated to be alittle more current
2177	n/a
2183	
2187	My experience with SKCTC was all around excellent.
2193	It would be nice if there were study rooms or at least extended hours in the library on certain days of the week. I frequently had to go to the LMU library to study in one of their rooms to study with a partner or work on extended hours past 4:30 pm. The hours of the library and not being open on weekend really is a awful for those of us who are

ResponseID	Response
	non-traditional students and are unable to be at school between 9-4:30 during the week.
2194	Communication is very lacking between teachers and students, and administration and faculty. I think some classes have appropriate workload, but some are ridiculous. Overall it was a good experience but there are some things that need help.
2198	I was very satisfied with my instructors and campus. However, I feel that the leadership in this program is nearly detrimental to the program. I have never felt more discouraged during the program than after nearly every encounter with our director.
2202	southeast is a wonderful place to attend college. It's very affordable, and the classes are very engaging. However, the bookstore in Middlesboro, has some of the rudest people working for them. They are not helpful, but more concerned about receiving the extra dollar. Very disappointed with their service and I always made a point to take my business elsewhere, solely due to the employees working there and how I was treated every time I bought books or school supplies there.
2203	The staff and faculty at this college are very kind and helpful when trying to complete an education/career decision.
2208	Multiple poor experiences with the book store, business office, and financial aid. Encountered multiple rude staff members in these locations at the Middlesboro campus. Completed many unnecessary forms and wasted time due to poor staff information. However I was very pleased with the staff of the Pineville campus, all my instructors, and the skills I received in my years at Southeast.
2211	The only issue I had is that Administration keeps increasing the credit hours required but not increasing the amount of credit hours each class is worth. This makes the program last longer than two years for a Associates Degree and causes more frustration than anything else.
2213	I had an amazing experience at SKCTC. I couldn't have asked for better teachers, the entire staff has been great. I am very thankful to be apart of this school and program.
2215	I loved attending SKCTC!
2217	My experience at SKCTC has been great. I had excellent instructors that would help you anytime you needed it and were always willing to go the extra mile to assist you.

ResponseID	Response

2219	great experience but ready for graduation
2221	I love the school and would recommend anyone to attend Southeast.
2222	I have had a very pleasant experience.
2224	My instructor was amazing and helped me succeed.
2230	N/A
2238	I have spent 3 years here and probably will spend 2 more if I get into a program.
2241	The parking arrangement is terrible. We pay tuition, but then can't find a place to park. The staff is valued over the students. If you aren't here super early, you don't get a parking spot and have to walk about a mile and causes you to be late for class.
2243	its been a ride.
2244	I enjoyed my experiences.
2245	Great
2246	Some professors are excellent while others are lazy and don't teach, they allow math lab to do their work for them!
2255	I feel that tutors are needed for each field a student is enrolled. I am a old school learner and need that reinforcement as I believe other students like me do.
2259	I have enjoyed my experience at Southeast, it has prepared me to transfer to another college with full confidence.
2260	This campus definitely needs to work on their advisors. There are very few ones that are actually helpful. Also, the communication between financial aid and students could improve significantly.
2261	I have enjoyed my experience at Southeast.

ResponseID	Response
2262	This campus can improve on the communication between students and the financial aid office. Also, there are very few great advisers that really care about the students.
2270	I love this college. Being prior military, they worked with me to ensure that I got the best care and attention that a veteran could ask for. I will definitely recommend this institution for anyone looking to better themselves and their families. Thank you Southeast.
2271	Would love to see more student parking areas. Students use the overflow city parking and its quite a walk especially in the rain/storm.
2274	More security lights in the parking lots.
2275	It is a very great school with an amazing staff. Could not have been around anyone better than them. Very pleased and content with my experience there. Thank you!
2280	I have always been able to look to the instructors for guidance a vale I feel that is very needed in the rural area.
2281	The staff at the Whitesburg campus are amazing and go above and beyond to help in any way they can. The only think I would suggest is more finanacial help for the school to make improvments that are much needed, without raising tuition of course because this area is well below the poverty level and many of us are lucky to even be able to afford it now.
2286	I find it really hard to do well and pass classes that have absolutely nothing to do with what I want to do. In some of my classes I almost feel like they are teaching two subjects like one of my science classes for example I feel like I do way too much drawing and I hate drawing and I'm not good at it I only hope it doesn't affect my grade.
2287	It's hard to do good in something that you have no interest in and that has nothing to do with your career path.
2289	Being a student at SKCTC has made me a better person and I learned so much
2290	I have spent 3 years here and the parking is unacceptable and so are the people in the office. I always dread going in there because youre treated like a 5 year old and disrespectful, other than Rachel on the left she is always very nice
2291	All of my experiences at SKCTC was enjoyable

ResponseID	Response
2297	Update computers throughout college. They all run extremely slow, especially in library.
2299	update computers, very slow
2303	Really enjoyed the classes I have taken. the instructors are extremely helpful and I could always have a tutor if I needed one.
2304	I appreciate that the professors took their time with me and never gave up on me. SKCTC has gave me a start to my whole life and a much brighter future. Thank you.
2307	My experience at SKCTC gave me the necessary knowledge and ability to understand more about diesel technology. My diesel technology instructor helped me improve on my skills i already knew and provided me with new ones to better myself in my career choice.
2314	I cant wait to see the development of the educational alliance center and the new jobs and positive impact on the community it will have because of it.
2318	Overall Southeast was a great experience!
2319	Very good experience!
2320	Good experience. Enjoyed my classes.
2323	I love the family atmosphere
2330	Good experiance
2338	the learn on demand classes are not explained enough
2340	So far I have enjoyed the experience and am currently considering future enrollment.
2342	Overall, I am satisfied with my college experience at SKCTC, but am ready to further my education elsewhere.
2345	SKCTC has helped me build a foundation for my future education.
2354	I have enjoyed my time here
2357	good :)

ResponseID	Response
2361	<p>I have been at KCTCS Southeast for 6 semesters, there was a steady drop in the my satisfaction and opinion on the school/KCTCS with each semester. Primarily I believe the teaching staff was fantastic, other on campus employees were also great and helpful when I needed it. However, I feel the "higher ups" of Southeast and KCTCS place saving and making money significantly over the satisfaction and education of the student. In other words treating Southeast as a business instead of an educational institute. A few examples of this are the closing of the grill prior to City Sippers coming in, locking the library until 8am, and even the sudden locking and blocking of exterior doors (I understand safety is and should be important it just seemed abrupt and ham-fisted). SGA events where very lack luster with the only real notable one being a pool tournament, but everything else was a small "party" that involved some kind of cookie or candy and maybe chips. I would probably recommend KCTCS to someone looking to further education if for no other reason that the price to attend is very manageable especially if you receive Financial Aid. However the long term educational opportunities are very limited. There is a running joke about Southeast being THE school for nursing and even mechanics. Recently I found that the CAD program at KCTCS at least appears very extensive and useful, but anything outside of that range (such as CIT, which in 2016 should be a high priority at basically all institutions) you might as well just focus on either the Associates in Arts/Science degree because the list of specific majors are irreverent while at SKCTCS.</p>
2367	It was an excellent experience for first time college students.
2373	:)
2374	Being a non-traditional student, I was very apprehensive about the college experience, but the professors, and especially the staff were very helpful to me with enrollment and answering questions that I have had. Their kindness and knowledge made this a great experience for me.
2382	I am very pleased that SKCTC was able to put me on the right path.
2384	No additional comments.
2385	medical coding
2387	The support from faculty and staff were an inspiration to myself. I have enjoyed the class room involvement in my learning experience and would recommend going to SKCTC to anyone looking to attend college. Thanks for the opportunity SKCTC has provided me with.

ResponseID	Response
2389	I enjoyed the years that I had went. Its a good environment and people that work there.
2390	It was well worth my time.
2396	Very satisfied!
2397	I am very satisfied with the classes and staff. Was a great experience. Thank you
2398	...
2399	This is a great school. I recommend it for anyone in the area.
2400	I loved my Professor Roger Bowling. He has been good to me and i owe him everything for my new found success in the Heating/Air conditioning field.
2403	Great teachers here!
2406	Good experience.
2411	I think there should be more degree options at SKCTC.
2412	I have enjoyed my time at SKCTC.
2413	I was satisfied with the level education experience I received.
2422	i enjoyed goin to school here the welding teacher is great
2423	I enjoyed attending this college and it was what I needed to help me start my career.
2426	N/A
2427	Great College would recommend to other students.
2431	Had an overall pleasant experience at Southeast!
2437	Book store should not dictate what and how books are sold, the inability to open packages or sell only in packages should be looked at.

ResponseID	Response
2439	Great school and helps you get prepared to transfer.
2444	I have enjoyed it at KCTCS, but I am so ready to Graduate!!!!
2446	it was fun
2447	Enjoyed my experience at Southeast!
2451	Brad Dyer and Dr. Omar are two of the best teachers I've had while in college. They have not only taught me about the subjects they teach, but also have guided me with my future and taught me life lessons.
2452	I do feel like if we had a bigger budget that we would have been able to see a lot more reactions with certain bacterias in Micro and doing crossmatches in Immunohematology. We were constantly having to conserve the supplies we had. Also, on the Pineville campus several employees would walk multiple time during the day. We couldn't leave our door open for the distraction. They were not considerate of us and would talk during walks. I found this very distracting. We closed the door but it would get so hot or cold in their that that too was distracting. I feel like as professionals, staff should be considerate of learning students and plan their exercise after work hours.
2460	My entire time attending this college has really helped me each step of the way. From enrolling each semester, to completing the semester, I have learned a lot of helpful information, had excellent guidance along the way, and also been able to use concepts I have learned from each class, into my job and life. I am completely prepared for the next major step in life, from learning basic concepts from each class, such as how to speak to groups, and to even be promoted in my job from using the skills learned. The only problem I had, was financial aid dropping me my last semester, and not informing me until one month prior to graduation, which made it very difficult for me to be able to come up with enough money to pay the school bill, almost impossible. I was told when I first enrolled, that I was fine with my financial aid, and did not even have to worry. Then when I was finally notified about being denied, by me calling almost every day every week, I was told by a few different people that I could not even use my loans since I did not qualify for the aid, and I know people personally that did exactly that. I could not get a personal loan because of my credit score, so I had to do fund raisers and bum off from everyone and anyone. That along with my paychecks, I was finally able to gather enough to pay it off, and have my baby's birthday party that she wanted a few weeks after finding out that I was denied. I was told this was because I was suppose to graduate the previous semester, and was over hours. I had to repeat two of the three classes from the previous semester because I failed them, so I can understand that. However, when I went to apply for application of graduation, I was told that I had one more class that had been missed,

ResponseID	Response
	so I would have needed to take this semester anyway. But they still would not give me the aid or loan. Which in the end, I was able to pay it, and successfully graduate, that I am blessed! Overall, other than the issue with the financial aid, my experience was a good one.
2461	Southeast was a great college to have my basic courses taken to prepare me for a better education.
2462	Southeast was a great college for me to get my basic courses done and help prepare me for better education.
2463	My experience has been good. The only complaint I have is trying to get financial assistance there was an obstacle course, at which was nearly impossible.
2464	I have no complaints. I have learned a lot, and had a great experience. Everyone has been helpful.
2465	My advisor, Jamie Vaught, worked very well with me, and I really liked how his class was set up for his online students.
2466	It was years ago that I attended so a few things on the survey don't apply. While I attended S.E.C.C., I really liked most of my professors especially in the science and math departments.
2468	I feel that the program needs a increase in there budget so the the students could have supplies that are not out of date.
2469	Southeast helped me get my basics to get an associates degree and thanks to them I am ready to transfer to the University of the Cumberlands!
2470	SKCTC is wonderful!!! I am so thankful I had the pleasure of attending college here.
2472	The campus is convenient and up to date on technology.
2483	Once I found the advisor that was right for me I was put on the right path to get my degree and very thankful to be able to move on with my associates degree to further my education.
2484	After changing advisor to one that fit my degree and myself, I was then set in the right path to get my degree and continue to further my education.

ResponseID	Response
2485	wonderful faculty and staff
2488	After taking a 15 year break from classes. I am not returning to finish out my Associates and going on to get certified in substance abuse counseling
2491	I have been a student at SKCTC for quiet some time now and it's almost bittersweet that this will be my last semester. I have thoroughly enjoyed most of my classes and professors and have learned a lot.
2501	I enjoyed this program and it was a great learning experience for me.
2502	I enjoyed this program of study and I learned a lot threw the time being here
2503	None at this time.
2510	It wasn't until last semester that I came in to have a set advisor I have been out of state in Indiana so I never really had to come in but when I moved near the Middlesboro campus in KY I came in and started working with an advisor and met Mr. Jamie Vaught and he really is a wonderful advisor! He has helped me so much getting my last classes together and helping direct me on where to go and what to do in order to get everything situated for graduation and having to do a SAP appeal. I have also had him for a teacher for a couple of my classes and hes a great teacher the way that he has his online classes setup have by far been my favorite most easiest setup to understand. He alone has made my last semesters here at SKCTC better and smoother than I could of imagined.
2511	I loved it.
2512	My experience with SKCTC was a great one!
2513	Not enough hands on
2515	Advising is the worst. I dreaded going to see my advisor each semester as he made me feel like I was bothering him. Also he never explained anything. Just demanded I hurry up and pick a class.
2519	I enjoyed being in small classes so that I had more of a one on one with the instructor. I thought that all my instructors did there best to help me when I needed them.
2520	it was a great experience.

ResponseID	Response
2523	Ms. Cloud has been the most helpful person I've encountered from both here and EKU. Give that woman a raise.
2524	I felt as though for the area in which we live there was to many teachers from foreign places with accents to hard to understand and comprehend.
2525	The inclusion of high school students, at times, Impeded learning to a degree, because of juvenile behavior. More Care needs to be taken when deciding what students are allowed to attend courses here at the college.
2526	The inclusion of high school students, at times, impaired learning, due to juvenile behavior. More care should be taken when deciding who should be allowed to attend the college.
2527	none
2528	I really enjoyed attending SKCTC, however, I encourage people hired in admissions to be a little more helpful at times. I've been to admissions and them act like the aren't even interested in helping me. Another thing, is even though the instructors are very nice and good at their job, in some classes I would recommend a little more "teaching" and a little less "figure it out" because it encouraged me to look some things up online instead of feeling confident enough to ask my instructor questions.
2529	it was wonderful and I was able to meet new people and make friends to create wonderful memories!
2534	I absolutely loved going to school here. There are a few instructors that I would personally like to mention, Mr. Marcum, Mrs. Marcum, Mrs. Mayes, Mr. Dyer, Dr. Simpson, Dr. Johnson, Mrs. McCarrey and Mrs. Newman. Every single one of them left life long influences on me. I will never forget any of them, they are all amazing instructors.
2535	I love attending SKCTC. I love being a work study here. I love that the classes are small and they I get my one on one time with the instructors when I needed it. All of my advisors have been extremely wonderful. I am glad at I can say I started my college career here.
2539	Very excellent school!
2543	I enjoyed my time here! The professors are great and very helpful to those of us that may have needed an extra push. I appreciate all that southeast has taught me.

ResponseID	Response
2544	My experience at southeast was great. Everyone was very help full.
2545	Thank you
2547	I truly enjoyed my time here on the Middleboro Campus and all the staff have been helpful and friendly. my favorite class and teacher was Mr Simpson.
2552	very upset they lost my disability information my last semester. They requested I had to replace all my information to continue my disability status. Which in turn in causing me problems in Science class
2557	I enjoyed every moment being there and I am going to continue my education there for another semester
2563	I really enjoyed my time here, and I have improved leaps and bounds compared to where I started out,
2565	Southeast is a wonderful school. I'm going to miss it!
2567	Greater care should be taken when selecting high school students for attendance at the college. Their behavior can be described as disruptive at times.
2570	I have enjoyed my time here in my first semester.
2575	Very nice staff
2577	I really enjoyed all my classes and professors I had a very good college experience here and may return one day to add to my education.
2578	I loved my all of my classes. My instructors used excellent text books that were easy to understand. My instructors were very responsive and always willing to provide feedback when needed. I loved my advisor Mrs. LeJune, she always made sure I was focused on my end goal to finish. She easily set up appointments with me when I needed to do my class selections. She never rushed me through my appointment. She is awesome. I have recommended this school to anyone wanting to further there education. The online program is practical for anyone working, parenting, or staying at home.
2579	I have learned a great deal but I wish they're were more interactions with professors when a student taking online courses.

ResponseID	Response
2581	My educational experience KCTCS was beyond my expectations. I enjoyed all classes offered and appreciate all the information and help that the professors and faculty offered during my learning experience. Whenever I did not understand certain assignments and requested help from my professors, they were kind, courteous and responded quickly to my needs. I thank everyone for your positive feedbacks and encouragement on my behalf during my educational journey!
2582	This is a great college and I highly recommend it to anyone, who wants to go to further their education.
2583	I am very happy with my experience so far.
2584	My experiences at SKCTC was a real good one and I'm very glad I choose this college for my education. I've learned a lot here, and I would recommend anyone to go to this college for a good education.
2588	I appreciate the staff at the Southeast Whitesburg campus for helping me get one degree closer to my overall goal.
2590	The classes were very enjoyable and informative.
2592	Good experience, i would recommend all first time college students to start at Southeast before going to a 4 year college.
2597	Great learning experience, I can't wait to further my education!
2614	It has been wonderful.
2619	I would have liked to have had easier access to knowledge about what I needed to take without having to bug my advisor every time I wanted to have a question answered, and the financial aid woman needs to work on her people skills. A lot of people feel very hurt by the way she talks down to them.
2620	A lot of the people who were very helpful to me in my time here where let go in the past couple of years. I feel as if the staff now has no clue how to help me with certain things I need to accomplish and others are stressed and very rude. I would be too if I didn't know when my last day working at my job could be. I worry for this school. I used to have such a good time here when I first attended in 2013. It has only gotten worse since then. I hope someone finds a way to help bring this place to it's former glory. I want to be proud to be a student here again. I would have left this institution a long time ago if it wasn't for Higher Ground and all of the kind folks who work in the Appalachian Center building. Every teacher and assistant in that building took the time to help me with anything I needed when I couldn't get anyone

ResponseID	Response
	<p>else, even those whose job it was to help me wouldn't. I am thankful for Elana Scopa, Jason Forson, and Mat Druen for being the best science teachers I could have ever dream of having. I will never forget my time here. I will never forget Robert Gipe, who if he hadn't advised me I would be lost in this world. Please remember them when thinking of promotions and awards. They have changed the life of this student and many more.</p>
2626	<p>outside of an exceptional education I have recieved from Southeast Community College I would like to say one I love the location and the beauty that surrounds the college the mountain views and just how the trees are all around the walk ways. This is the Middlesboro campus I am speaking on. I would say the walk from the parking lot to the school is quite a stretch without a covering area to walk under which is terrible during rainy days or snowing but that doesn't make or break anything about the education I recieved. I will also add that through the last year I have been here and I started working with an advisor for the business admin program, Jamie Vaught. He has been a tremendous help to me! I couldn't ask for a better person to help me figure out all what classes I needed and preparing my paperwork for graduation. He is such an exceptional person to have working for this school. He goes above and beyond to assist and be there for me answering all my questions and concerns holding my hand every step of the way! I also have had him for a handful of classes and as a teacher online I couldn't ask for better the way he has his classes set up are so convenient and so extremely helpful! Really I couldn't ask for better with that mentioned above. Very pleased with most all of the staff except one woman in registration she just has an overall terrible attitude and so rude! Its a shame with how great this school has been to me and others and just an overall pleasant feeling being here but I dread any time I have to speak with this woman she really just kills that vibe here for me. I am not sure of her name I wish I could add that so you all would be aware but shes got short blonde hair and a bad attitude out in the registration area not the one in the room shes very sweet as well. Anyway that is all just my two cents. Overall I couldn't have asked for a better college experience at a community college. I am very proud to be graduating soon from here. Thank you for everything!!</p>
2627	Amazing. Helpful and a great college
2629	Great experience.
2630	it was an amazing program to go thru and I learned everything I was suppose to.
2633	I'm satisfied of my program.

ResponseID	Response
2634	Mrs. Ashley Patrick, did excellent in explaining and teaching the class. If I was rating her with a grade it would be A
2636	great experience
2644	My program of study was Medical Coding. I did not find it on the list as a choice.
2650	Allen Layne is a great teacher
2655	I have had a great experience while attending SCTCS, I feel that they have provided the right tools and educational knowledge to prepare me for my future. I look forward to taking more classes that I need to further my education towards a skilled program.
2659	I have had a wonderful experience while attending Kctcs everything from my current credits transferring, all the staff and faculty are always extremely nice, I have learned so much towards the program that I am currently trying to attend. Great Job
2660	Wonderful school, great advisors, and awesome teachers!
2665	Hated the parking lot.
2667	It was a fantastic experience.
2669	It is a good school and I have really liked all of my teachers. I have noticed a problem of the faculty not being where they are supposed to be and when, and a general confusion . This is mostly with the advisers and the staff in the admissions and business offices.
2672	Sherry Tinsley was a great advisor and helped in any way she could.
2679	This institution doesn't exceed expectations; lacking the assistance needed for student success.
2685	My only issues was that my major was to graduate with an Associates in Science and Computer and Information Technology. I wasn't given the classes to graduate with this degree and will be transferring with a degree in Science and Arts. I am okay, but would prefer that this issue be discussed with me in time for me to make adjustments if I desired. I also would like help in transferring. My overall experience has been great.
2686	I personally think that the staff should be held to a higher standard in makin sure the student is learning, instead of just give them a grade

ResponseID	Response
	and sending them through. There were multiple classes where I barely had to attend, or participate in and still get a good grade while learning nothing from the class.
2687	I greatly appreciate receiving scholarship funds.
2688	It was a fantastic experience. Great tech school and great for those looking to transfer to a University after getting the basics.
2690	I do believe in the Diesel Technology Program that they need to update the equipment due to the advance in technology in diesel truck.
2691	all i have to say is... Our bookstore needs some improvement. they are awful.
2692	The faculty and staff here are amazing, this college greatly enhanced my educational experience and prepared me for what is to come.
2693	Communication with various departments such as admissions and financial aid is not very online student/worker friendly. I was forced to take off work more than once to get simple issues sorted out and corrected.
2697	My advisor was always there when I needed her.
2699	I have enjoyed my experiences at this college. I was very nervous when I started because of my choice to wait until I was a little older to attend. I have to say that I felt very comfortable and was able to concentrate on my work rather than that aspect. I have acquired many new skills that I can carry on with not just in this field, but also day to day activities. I am honored to have been a part of this college and thank everyone that has helped to achieve my goals here. A special thanks to my advisor.
2700	I greatly appreciate having an academic scholarship my first year. Thank you.
2707	My adviser, Amy Simpson was awesome! I'm so thankful for how patient and helpful she was with everything.
2708	I have enjoyed my time at Southeast!
2710	none applicable

ResponseID	Response
2715	I really enjoyed my experience with Southeast Community and Technical College. I feel that it has truly prepared me for my future endeavors
2716	I have greatly appreciated the assistance I have received from all of my instructors, as well as my advisor. They have prepared me to transfer to a four-year college, and to be successful in my desired field of work.
2721	The teachers and other staff are incredible human beings who teach the course very well and are very kind. They deserve the best pay and the most respect.
2722	Pretty cheap so that's good. Nice instructors.
2723	Financial aid office at whitesburg makes it almost impossible. I usually had to call the main office to get anything done.
2725	My experience at SKCTC was one of the best experiences of my life and I'm glad I chose SKCTC.
2726	overall,i love my time at southeast, i like the teachers, the students,and the atmosphere more than anything.coming to this college has made me a better person.
2727	teachers and staff where very helpful in many ways.
2731	Everyone at Southeast has very been very helpful and very blessed to have met the people I met. Thank you for the learning experience and opportunity to further my education.
2732	I will be receiving an associates in art and science and also a certificate in medical billing and coding. I have definitely enjoyed my experience here!
2733	I thoroughly enjoyed my time as a student with SKCTC, and I liked the fact that I could finish almost all of my degree online. One of the only issues that I've had, was the fact that professors weren't putting much time into their material as they should be. It almost seemed as if the material, at times, would be just a routine and not putting their own expertise into the subject.
2735	I have enjoyed attending SKCTC very much.
2736	Very good

ResponseID	Response
2737	The parking wasn't the best, but overall I enjoyed my experience.
2739	I had a wonderful experience here at Southeast and I am extremely grateful for all of the guidance and support that I have received here. I am looking forward to taking the foundation that I have built at this school and building upon it when I transfer. Thank you for the education! God Bless Whitesburg campus!
2744	Parking is sometimes an issue, but otherwise I have been satisfied.
2745	I couldn't of asked for a better college to attend.
2746	It's been great! Can't complain!
2747	No complaints. It's been great!
2749	Great experience! Great professors. I loved the nursing program and all that is has to offer.
2751	Overall, I really enjoyed my time at southeast. It's a great adjustment for students right out of high school and offers the opportunity for a higher education at a great price. However, my only complaint are the advisors. I went through a lot of aggravation and trouble figuring out which classes would transfer and what classes I should take because the curriculum at the school I was transferring to was changing. The advisors at southeast were not informed and not helpful at all. I took various trips to the school and made various phone calls and was told information that I received from my advisor at Southeast was incorrect. Simply put, the advisors do not take pride in their work and I had to do their job for them. I know many students who have transferred with an associates degree and several classes they took at southeast that were told would transfer, did not.
2752	Overall my experience has been pleasant, and I have been happy with the support of the professors. They have been available to help anytime I have had any questions.
2754	I attend the Nursing program on the Cumberland campus. The staff is phenomenal! they genuinely care about your education and you can tell that they love their jobs! I am very blessed to have been in this program with such wonderful instructors.
2755	In my own opinion, SKCTC was the best way for me to get my education started and for that, I am very thankful!
2758	I had a great experience at SKCTC.

ResponseID	Response
2761	Expand the parking lot, buy some computers, FUND your students groups!
2770	I would definitely recommend this college to others.
2771	Great school! I would recommend.
2776	I loved my time at SKCTC. This school gives us so many more opportunities here in Letcher county and they are very professional and friendly .
2777	N/a
2778	na
2785	The reason I put dissatisfied for the library and parking is because we were never able to use the library to study because it was always closed for a class and the parking spaces are very small for students with SUVs
2786	I have overall had a good experience with SKCTC.
2788	My experiences at SKCTC have all been good ones! This is a great college and has been very beneficial to me.
2789	I have been so blessed by the Lord to be able attend this college and this wonderful program. I have learned so much about myself and expanded my education beyond what I ever dreamed possible. The instructors are absolutely wonderful also.
2790	The only thing I feel could be improved would be more up to date lab equipment. The ITV portion of the program was also very stressful for us. I wouldn't recommend doing that again.
2791	Southeast is a great school for the money.
2792	The bookstore is ridiculous. Parking also needs to be better especially for those who drive larger vehicles.
2797	the smoking policy is too harsh and should be revised
2798	Jill Dixon is awesome. & Kristi Maggard.

ResponseID	Response
2800	Staff was excellent and always very helpful, as well as patient with my questions and/or concerns.
2808	The business office needs to work on returned phone calls, never received a call back after three weeks
2809	I have enjoyed my time at SKCTC. I feel that the faculty and staff are warm, welcoming, and care about the success of their students.
2813	N/A
2821	I appreciated all of the guidance and help that my adviser/professor Mr. Vaught has provided to me throughout my degree program.
2824	I have enjoyed the college experience but I think the college should be better prepared to help older students who are coming to college for the first time. I received very little help with my questions or the problems I had until I met Sherry Tinsley and Tammy Chapman they have been wonderful in helping me always encouraging me and lifting me up.
2828	The faculty and staff are excellent and did a fantastic job of enabling me to succeed and expand my horizons.
2831	I learned more than i ever thought i would during the radiography program at southeast.
2833	i would love to have a bookstore on campus. we have to cross pine mountain in the fall semester and that is so dangerous. my last trip over in the snow i got stuck on the mountain and could have crashed.
2838	It is a good learning environment.
2839	Financial Aid department needs triple the staff they have now. There needs to be a full-time Financial Aid Office at all campus locations not just main campus locations.
2840	Southeast has a very comfortable atmosphere that allows you to become more comfortable with your abilities.
2846	no thanks
2847	I have enjoyed every moment of attending here at SKCTC
2848	I enjoyed every moment while attending SKCTC

ResponseID	Response
2855	this was an interesting experience for someone who was a miner.
2857	Wonderful education for the price
2858	Amazing, just simply amazing.
2861	NONE
2866	The financial aid office workers are very rude and unwilling to help, same goes with the bookstore.
2867	I had a great time!
2870	This program was a great experience for me and greatly enhanced my learning skills
2872	Its been good
2873	The advisers does not help you at all hardly. It was always a struggle connecting with my adviser. I think that is a major concern moving forward.
2875	I have no concerns. Southeast has been amazing at helping me with any problems I've had or supporting me through my journey at SKCTC.
2879	This has been a pivotal place and time in my life. I love it here. The instructors are wonderful and the campus environment is conducive for learning. I'm grateful for my time here.
2880	No additional
2881	Southeast was a great community college and helped me with finances tremendously! The faculty and staff were great, and I knew where everyone was located. Although the parking and some the way some teachers presented and taught class were a little more difficult, and I think it should be fixed. Many students had trouble with a couple of professors with how they taught. In closing, Southeast helped me and I've had a great two years here.
2882	none
2883	n/a

ResponseID	Response
2884	Southeast was honestly not a bad choice. I recommend if someone is having problems with go here, because you will save a ton of money. Also it's small and you can find the help one needs easy. Classes are not big or tremendously long. Although some of the professors were very hard to try and learn from. Their teaching abilities were terrible. Another thing is parking they are to strict and very crazy with such big parking lot that is half way filled everyday. In conclusion Southeast is not a bad choice, if you're family have money problems or if you're just not ready to leave yet.
2886	It was a great experience.
2894	Really enjoyed being a part of the program at Southeast and feel I learned a lot. My only complaint is that I feel as if I can do a better job than a lot of the advisors. If you ask 3 different advisors the same question, you'll more than likely get 3 different answers, each one telling you why they're right. So I eventually studied the catalogue and course requirements on my own so I wouldn't have to ask.
2895	the only thing i have a problem with is parking. for the amount of students who go here, it don't seem like there enough room.
2898	parking issue. it does not seem like there is enough parking for the amount of students that attend the whitesburg campus.
2901	Great experience but machines do need updated to keep up with today's jobs.
2902	I enjoyed my time at southeast and I thank everyone for helping me out!
2903	it seems that there is not enough parking for the amount of students that attend the whitesburg campus
2904	I have really enjoyed my time spent with KCTCS Whitesburg campus. The staff and Instructors are very nice and helpful. Thank you
2905	I was enrolled into the FUneral Service Program. Upon finishing my pre-reqs for the program but before entering the program, the entire program was cancelled. Noone contacted me to advise me it was cancelled nor did anyone offer to help me find another area of study. Someone shouldve contacted me and helped me out in this situation. I realize the program had to close due to funding or enrollment, but for someone who was currently enrolled and had just finished all pre-requisites, I feel I was basically left to fend for myself and noone was concerned that closing the program would put some students at risk, someone shouldve been designated to contact each student enrolled in the program to ensure those students were taken care of and set on

ResponseID	Response
	another path to success. The only thing I could do was finish a generic Associate of Arts. and some of the pre reqs I had taken for the FS program I basically took, paid for and all.....for absolutely nothing. I have been happy with my instructors and courses but was very disappointed that noone in administration seemed to be concerned about touching base with the students who were currently enrolled in a program they were cancelling.
2908	I had a great experience learning here and I hope others can do the same.
2912	i had a wonderful time here at kctcs, my instructors were great, and my advisor went the distance for and with me.
2915	would not reccomend
2916	Im gonna miss it!
2919	The faculty is wonderful
2921	KCTCS has been a great and awarding experience for me. I started in 2014 as a work study/student and got promoted to part-time IT. Overall, it has enabled me to know what I really want to do which is a career and further education in Information Technology.
2924	It's been real
2925	I wish they had the program I really wanted
2926	During the passed few years there every instructor was very helpful when in need of help and so was the rest of the staff. Everyone wanted to see me succeed and it provided me with courage and motivation to keep my head up and do my best.
2927	I wish we had better parking, but overall I am highly satisfied with my education and the cost of my education.
2928	NA
2930	All staff and faculty at the Cumberland campus was extremely helpful at all times.
2934	I have enjoyed my two years at SKCTC.
2937	good job

ResponseID	Response
2938	Great two years to prepare me for my transfer.
2941	
2942	A centralized area for aide, registration, and advising would be helpful.
2944	Experiences were great!
2951	SKCTC is a great college. They was a few misunderstandings along the way, but they were corrected, and everything turned out fine.
2953	I have really enjoyed my learning experience here at southeast. I feel that it has prepared me to continue my education successfully and prepared me for the work place.
2954	Great teachers and people here to help.
2958	Wish there was better advising and more help with financial aide. Not too many people were where they needed to be when I needed them. Not too satisfied.
2966	I enjoyed my time here at SKCTC but I wish I would have listened to my advisor when she said I needed to come here for the first two years instead of taking the cheer scholarship to Eastern Kentucky University because I ended up coming back home and enrolling here.
2967	The staff is very helpful.
2968	I have had a wonderful, positive experience at SKCTC.
2976	I would recommend more "In Class" technology courses because it is tough to learn online when this career is mostly hands on.
2978	It would be wise to invest in some better math services here. Other than that, this place is quite good.
2979	I enjoyed Southeast College alot. It opened alot of doors for me.
2982	Leann Turner has made school hard but very well taught experience. I have enjoyed her.
2984	n/a
2987	I had a very great experience.

ResponseID	Response
2988	i have enjoyed the Medical Assisting Program. I feel it has fully prepared me for new job opportunities.
2993	April has been a fantastic instructor! She is one of the best teachers I've had. She has a very caring nature, and does all she can to help students succeed.
2994	My experience at SKCTC has been wonderful and exciting.
2995	It was very good and taught me everything i needed to know about the field I'm studying to go into.
2996	The grill is awesome, and the staff are very friendly.
2997	The grill is awesome, and the staff is nice.
2998	The grill is awesome and the staff is very nice.
3001	Allen Layne is the man!
3002	i think that not all the online teaching needs to be done on the teachers time. we students have class and work so its very hard for us to be online at a given time to do work.
3003	I enjoyed my time at Southeast. The Professors were very helpful and encouraging. The staff at Southeast was also helpful and encouraging.
3006	I am looking forward to completing my journey here and looking forward to getting a career that SKCTC has done well at preparing me for.
3012	My time at SKCTC was a wonderful experience and I now look forward to my future.
3016	I'm satisfied with how my two years of school went. I have nothing further to add.
3017	I was satisfied with all the help and knowledge. I have nothing further to add.
3030	N/A
3034	N/A

ResponseID	Response
3043	Child care was my biggest struggle. Also, a cafeteria would be nice since most of us have multiple classes within the same day.
3044	As a 34 year old mother of 2 I was very nervous and overwhelmed when I decided to come back to school. I can honestly say that without the tremendous support and guidance from all the staff here (including the adult ed. section that I started in) I never would have made it this far. The staff here at SKCTCS is truly amazing.
3045	I loved the people and my experience at this school! My advising experience was more than acceptable. Great classes, great advisors, great people.
3049	This semester has been overwhelming. Mis leading information has happened over and over again. I will never take any more classes at Southeast. No one gave any accurate information as to what I did need to receive my certificate including extra classes and exit surveys..... very unpleasant experience this semester for the money I paid.
3051	I didn't even know I had to feel out this exit loan that was due this week until I went to class this evening and the other students informed me, this is really sad because now I'm late to get my certification and I already have a job lined up that needs to see it
3052	I would have never known to have done this if it wasn't for my class mates and it was due this week
3055	Overall I have had a fairly good experience. The only real problem is the program I originally wanted to participate in (medical assistant) was offered only on certain days and times. I was unable to accommodate my work schedule, so, I couldn't take the medical assistant program.
3058	i wish the program i attended had been spread out over two semesters and covered more material
3061	Dealing with the business office was horrible. I am a veteran going to school on the post 911 GI Bill. I have been dropped from classes, threatened to be dropped, and have had a hard time getting the financial aid office to even accept and turn in my schedule so the VA will pay. Classes were great, just had such a hard time dealing the administrative process.
3067	Advisers put me in classes I did not need at all for my desired degree, I feel as if they were just throwing me in classes they needed students in rather than what I needed. Sherry Tinsley especially.

ResponseID	Response
3073	I plan on continuing my education with college due to the learning experience and convenience of the classes that are offered.
3076	Both the faculty and staff were helpful. If I needed help with anything, someone employed at Southeast Harlan Campus was there to help.
3079	The environment was very friendly however contacting staff or teachers during the summer semesters is very difficult.
3080	Everyone was nice from the very beginning, there was a problem that I had that someone was able to happily help me with
3081	everyone at southeast was very easy to get along with, and they helped me with every issue I had
3092	is a great college to start your degree
3101	Excellent Staff
3105	The Professors are great and my advisors treated me great.
3110	This experience was very helpful in furthering my education.
3112	Wonderful faculty and staff!
3116	I was charged a ridiculous amount of money I had to pay out of my pocket AFTER I was told that my financial aid would cover it was extremely inconvenient. I did NOT appreciate this AT ALL. Brad Dyer was an AMAZING advisor who always went above and beyond to help me and give me advice when I needed it.
3118	I had a very easy transition between BSCTC and SKCTC. As I am an online only student I was able to get the help I needed easily and didn't have to make many trips to the campus.
3124	I would recommend Southeast Community College to anyone, whether young or old. I have enjoyed my experience here, and I'm so glad that came.
3128	I have grown with KCTCS.
3129	I love this school. Everyone is so nice and so helpful. The teachers do an amazing job.

ResponseID	Response
3130	more student parking
3136	My experience at SKCTC Has been a Great one
3139	Very well experience.
3142	I have absolutely loved being a part of SKCTC.
3143	Shelia Gordon was so very helpful in her advising. She was kind, understanding, and knew what she was talking about!
3147	none
3148	Bookstore staff really needs training in hospitality! They are not nice people.
3150	Very pleased with my associate of science degree classes.
3153	I enjoyed my time here
3157	Everyone was very helpful, I would recommend anyone to attend SKCTC.
3159	I enjoyed my time here
3163	The shop for HVAC does need more tools and updated tools for students to use. The hands on learning is difficult when we don't have enough or the right tools.
3166	great faculty
3167	great faculty
3173	Positive experience overall.
3176	Very Helpful
3177	Very Helpful
3178	it was very awesome.

ResponseID	Response
3180	Advisors need to pay closer attention while checking the requirements student need in order to graduate. At two different locations, by two different advisors, over a period of 10 years I was misinformed.
3183	Financial Aid office is too hard to reach and emails and phone calls are not returned in a timely matter. Elizabeth Bisceglia was the only person on the Middlesboro campus who would return calls or emails, even if it wasn't her department. Discussion boards that require personal opinion on political issues should not be required. There is no difference in stating them on a discussion board than stating them on Social Media, which I make every attempt to avoid.
3188	I have enjoy my time at KCTCS.
3189	I have enjoyed my time at KCTCS.
3191	I had a lot of good experiences here at southeast and I have enjoyed every class that I took here.
3192	Professors are always willing to help to earn your degree.
3197	Wonderful..God Bless
3200	Enjoy the advisor she was great to work with "sheila Gordon". And the instructor sandy Holcomb was a very good instructor..
3201	Overall very good i had a wonderful advisor "Sheila Gordon" and very good instructors.
3203	I have absolutely loved my time here at SKCTC! I would definitely recommend it to anyone that wants a reliable and cheap way of going to school!
3205	Had some complications with the business office that almost messed me up bad. I also had a few professors who were worse than no help at all, but with those, I also had some professors that were incredibly nice and helpful.
3206	Everybody has been very helpful.
3210	Wonderful school
3211	The facility was great! They helped me with career choice. Rechelle was a huge help of motivation. I loved Mrs. Barrick was also a huge help. Mrs. Cloud was also great..Anita and Rachel everyone in admissions. Sam also contributed to my success..primarily Rebecca

ResponseID	Response
	Parrot was one of my biggest fans that supported me and motivated me. I cant thank the staff enough!!! I loved Southeast. The teachers all contributed and was willing to help me in any way for my success.
3215	They were better than BCTC
3216	I had a long but pleasant experience here at the middlesboro kctcs campus
3217	Best decision I have ever made.
3220	I love Skctc and everyone here.
3223	Been a good time
3224	I have had a wonderful time at SKCTCS. I learnt a lot from the teachers and other staff.
3229	I enjoyed my time at SKCTC. The classes were understandable. The only thing I had a problem with was that there was one teacher who would majority of the time go off subject. But other than that my experience at SKCTC was good.
3233	I am very thankful that i was able to attend kctcs without the experience i gained from the staff i would not have reached my goal.
3234	I am very thankful to have been able to attend kctcs. without the experience i gained while learning there i would not have reached my goal
3236	SKCTC has a very helpful, friendly, and inclusive environment.
3237	I enjoyed the professors and staff! It's a wonderful college and it was a great experience. I look forward to beginning a program next Fall with Southeast.
3238	Went to the right adviser and got everything straightened out and now I'm graduating
3240	The teachers have been wonderful, and starting out at a community college, at Southeast, has made the transition from high school to college to transfer student incredibly smooth.

ResponseID	Response
3247	Great instructors and always willing to help when needed. The campus is full of kind generous people who try to accomodate the needs of the students to the best of their ability.
3250	Great!
3251	This has truly been a great experience! After having a couple really rough semesters where I didn't finish, everyone was so helpful and encouraging me to be able to graduate!
3252	I am so very thankful for my experience at SKCTC. I have been able to go to college, earn both of my associates with two children. Without the help of SKCTC I wouldn't be where I am today. A proud mother, graduating with both associates, ready to transfer in the Fall.
3253	I would like there to be a place to hang my backpack in the bathroom stalls.
3259	I have enjoyed my time at skctcs and recommend it to everyone.
3269	Very unsatisfied with the bookstore prices and staff.
3273	Very enjoyable! I would recommend this college and program to others.
3282	I loved SKCTC. My advisor helped me so much.
3291	good program!
3299	I feel like I learned a lot and the instructors were fantastic.
3311	na
3315	The program is very great, teacher is very helpful. I feel like I am prepared for my career.
3323	Very pleased with the experience and opportunities with the campuses i was attending.
3324	Very pleased with my experiences and opportunities I have had on the campuses I attended.
3327	I have thoroughly enjoyed my time at southeast. I feel very prepared to go onto get my bachelors. However, my only complaint is that the Cumberland bookstore was not what i suspected. I did not recieve any

ResponseID	Response
	financial aid and I was not treated fairly at the bookstore by one particular employee. She was very rude and tried to bully me into buying books i could not afford at the time considering they were an out of pocket cost. Then when i was able buy them, she refused to even serve me. another employee seen how rude she was being purposefully and stepped into to help me. This happened every semester i attended southeast.
3336	Southeast was an amazing school and I'm glad I came here to get my associates degree.
3345	It has been wonderful.
3353	Southeast has been a great experience, the faculty and staff was great. classes was also satisfactory.
3364	Financial aid was difficult to get in with. No one answered the phones or was rarely in. Business office was always late posting aid and would usually have to call.
3384	Some of the equipment in the labs were very out dated and broken.
3390	Great experience:)
3393	Overall, very satisfied with this nursing program. The instructors want you to succeed here and offer their extra help to students. I would recommend SKCTC to others.
3394	great campus
3397	my program needs more funding and newer equipment to train on. all the trucks we have are older and dose not cover all the new stuff that's on todays trucks and equipment
3401	Will be coming back! Greatest College on the Planet! Southeast, baby! Woot Woot!
3402	Southeast is a very great school.
3403	Great program and instructors
3404	I had a good experience at SKCTC.
3406	Great College experience

ResponseID	Response
3408	the website is horrible to navigate. There is little to no information on how to access online coursework in blackboard for new students. The application and financial aid process is horribly unorganized and the financial aid office provides NO HELP to new students with complex questions.
3409	My over all experience at SKCTC is great. Doug Herren is an excellent teacher.
3412	good school
3415	I had a great experience in the Diesel Tech program. The teacher really helped me learn what I needed for my career path.
3417	nope
3418	nope
3419	it was a great experience
3429	Need specific advisers for students wanting to go to Pharmacy School after graduating from Southeast.
3443	N/A
3446	The only difficulty I have ever had in the SKCTC community was the hateful and blatantly disrespectful attitudes exhibited by an elderly employee in the Cumberland bookstore. I for one do not receive full financial aid and must pay out of pocket for some aspects of my education. Her attitude towards me and other classmates like me was rude, abrupt, and distasteful. It ruined my bookstore experience and after one semester i resorted to Amazon or Chegg for my textbook needs. If i were running this college serious disciplinary action would be taken.
3453	I would not have wanted to go anywhere else for my associates degree. The 2 years I was here really helped prepare me.
3454	I had a wonderful experience in my time at Southeast. All of the faculty and staff created a great learning environment.
3461	I am satisfied with this college.
3480	I would encourage people to go your first two years at SKCTC.

ResponseID	Response
3483	The staff here at KCTCS in Middlesboro are exceptionally helpful and friendly. I truly enjoyed my learning experience here, and would definitely recommend this college to future students.
3487	I love it.
3491	I enjoyed my college experience and look forward to continuing my education.
3497	none
3501	<p>Harlan Southeast Community College will be the one of the most unprofessional schools I will ever have to deal with in my years of education. The people who are employed here, by student's money, are payed to assist and by what I could tell they are payed to go out back and smoke and openly ignore my presence. It was very difficult for me to be listened to while seeking assistance to take only the required courses aimed to my degree. The several attempts to place me in unnecessary courses was almost hilarious. There are several things I could comment on about this school, but will only highlight that getting on the most straight forward track to a degree was a struggle, for two years I received zero financial aid, and I had no assistance in how to apply for this magical fasfa that people are so fond of. Furthermore, I would really like to thank this experience from the harlan campus for teaching me how to deal with ignorant people only concerned for themselves, and their paycheck. It should not be confusing for them to do their job, an example is an advisor insisting I have 12 credits remaining towards my goal, while another tells me I have 9. I'd like to suggest cameras placed in advising offices, because of an experience I had with a counselor getting frustrated with me, his face getting red, raising his voice, and waving his arms because he couldn't convince me I had 12 credits remaining instead of only 9. The stress of paying for an extra class and the book was almost enough to make me quit entirely. The stress of not being respected at all was almost enough to make me give up on graduating from this school. Thanks.</p>
3503	Thank you for all the support!
3509	Great place to get the education you need. Thank you, for all you have taught me and provided me. Looking forward to the future.
3511	I have met so many awesome people, I was always treated good and fair, and I look forward to continue to further my education
3512	great experiance

ResponseID	Response
3514	I was very pleased with my education at southeast tech.
3515	wonderful advising
3516	Mr. Dyer is an amazing teacher and advisor. I would not be where I am today without his help.
3518	I was pleased with most of my classes, the only thing I would change is how the remedial math courses are handled.
3519	Very pleased with my time here at Southeast!
3520	i have had a wonderful experience here at skctc
3526	I've really enjoyed my time here.
3527	I have really enjoyed my time at SKCTC and I think that Kenneth Layne is a great advisor and teacher.
3532	Thank you for really working with me while i am deployed to finish up a few extra classes and get my degree!
3533	Excellent staff members and students, I have enjoyed my time here at Southeast.
3534	Great college with many friendly helpful faces.
3538	I was very satisfied with KCTCS.
3542	Wonderful experience, great professors who really care about there students.
3554	closer parking or something to put over the side walk when walking to and from campus.
3555	My experience at SKCTC has been great and all of the faculty and staff have been wonderful.
3558	My SKCTC experience was wonderful and the faculty/staff were great.
3560	I loved my experience as a student at kctcs and now I love my job in the ready to work program. This experience has given me so many blessed opportunities.

ResponseID	Response
3566	Very pleased but would like better communication from online instructors.
3573	good experience
3577	The people here were very helpful.
3584	It's been great.
3591	Access to information should be made easier obtained.
3592	Good staff
3606	Definitely a good first college experience!
3612	Honestly I was very scared about the whole idea of college itself. But through SKCTCS it gave me a new perspective about college and its a truly wonderful place. Also the people who work or help out at AA are wonderful people and was truly a blessing through my college experience here.
3613	I am the mom of 6 kids and I work full-time. KCTCS challenged me without ever making me feel I had to stretch myself too thin, or choose between my family and my studies. The support I got when I reached out was top notch and every issue I encountered was handled with sensitivity and in a timely manner. Thank you, fantastic experience.
3616	Overall I had a wonderful time at Southeast, and i feel prepared for my future at a 4 year school.
3617	My overall experience at SKCTC was wonderful. I felt that my professors and advisor wanted to help and see me succeed.
3618	While the instructor was competent there has been an issue with classes starting at the assigned time and while this is okay for the students that do not have jobs at the time, it has been an issue for those of us who need an exact time for our work schedules. The instructor is a wonderful person and does ask before doing the time changes it just doesn't work for the ones who must keep a schedule for work, school, and child care and such.
3623	I really enjoyed my time at SKCTC. My favorite class was probably yoga.
3624	I loved my time at SKCTC

ResponseID	Response
3626	I have really enjoyed my experience at kctcs. My Adviser Mr. Epling whom was also my teacher in most of my later classes, done a wonderful job guiding me and helping me to understand this field with the tools he provided. I now have a job doing Tier 2 support with a company thanks to him.
3627	The lady in Financial Aid named Barbara was not helpful and is very rude.
3629	The lady in financial aid named Barbara was rude and not helpful and treats people unfairly.
3633	It has given me the best opportunities than ever imagined. Also helped my family out a great deal as well. I love SKCTC.
3641	I am 42yrs. old and decided to go back to college and finish my degree's. I was amazed at how much things have changed in 22 yrs! However, the complete staff from registering, advising, to professors were all so helpful in my success! I will forever be grateful to Southeast Community & Technical College!
3647	I love it here!
3651	Need to be a little more polished on VA students
3652	I love it here, no complaints!
3653	The book store is very misleading, as well as the administrative office is very unprofessional. The workers at the desk as well as a gentlemen in the back who does the schedules.
3654	The Medical Assistant program has been wonderful, I would recommended it to a friend.
3655	The Cumberland bookstore is not helpful and not nice.
3657	The college book store in Cumberland is the worst part of attending college. The books are extremely expensive, do not contain the proper tools such as disc and codes, and the employees are disrespectful and rude.
3659	The bookstore personnel is very rude with students and not cooperative with helping. The financial aid personnel in Harlan is not much help and doesn't have answers to questions asked.

ResponseID	Response
3662	Everything has been okay for me besides dealing with the bookstore
3663	love it
3669	Disability coordinator was a great help for me due to my vision loss. He worked overtime to assure I did ok.
3671	Great college to start at or even to finish at.
3672	Needs better parking.
3678	My experience here at KCTCS was great.
3680	My adviser was a huge asset to my college experience.
3682	I enjoyed my experience at SKCTC. Very good college.
3683	I have enjoyed my time spent here learning!
3687	I believe that the course work was exceptional. I wish that there wasn't a charge for parking tags though.
3690	The training I received helped me refresh my skills in preparation for a new job search.
3691	everyone is very helpful and the classroom setting is comfortable
3694	my instructor did a good job fo this program
3699	My advisor Joseph Johnson was extremely helpful and dedicated to my path as a student at the Middlesboro KCTCS.
3700	Great staff and very helpful professors.
3701	It was a wonderful experience to go to this college.
3705	I have loved attending, my advisor Cheryl Tinsley has been wonderful my teachers have been wonderful as well.
3707	The teaches I have and have had is amazing. They make sure you understand everything. They make great efforts to help the student in any way.

ResponseID	Response
3708	Great advisor that helped me stay on my academic track.
3709	My experience st SKCTS was wonderful. I learned a lot in a small class environment. When I decided to go to SKCTC I made the best decision ever.
3712	SCKTC is a great learning school for all ages.
3713	KCTCS school are great learning facilities.
3714	KCTCS was a great school to attend.
3715	The overall experience I had here was pleasant and beneficial. There are some areas that definitely need improvement. There seems to be clashing between instructors and staff on how to handle incoming students. It would seem as though the staff actually handles new students better but this fact seems to upset instructors. All are long overdue for some sort of team building.
3721	My advisor, Ronald Brunty, was exceptional in helping me to discover the path I wanted to go down and for helping me to achieve my diploma.
3723	The staff and the professors work hard to help you achieve your goals and to also further your education so that you can either continue on to get a higher degree or so that you can start into the workforce.
3725	N/A
3726	My experience here has changed my life greatly! Everyone has been wonderful in helping me with my journey.
3728	Would recommend the SKCTC schools and programs to any newcomer out there, definitely the best start you can get!
3730	I appreciate that you offer online classes
3736	Medical Coding was great. The School is wonderful and everyone is very nice and helpful!
3738	Faculty and staff really care about your education, they treat you like you are family.

ResponseID	Response
3743	I had a great experience at Southeast Community and Technical College. The faculty and staff were very nice and always eager to help if needed.
3747	I really enjoy all my instructors they're down to earth, easy to understand, and willing to help and want their students to learn as well as succeed. Courses are challenging and interesting but not unmanageable.
3750	Everyone at skctc is very encouraging. I really enjoyed taking my classes here.
3751	I loved the experience that i got from coming to southeast, and it has encouraged me to keep going on to further my education
3754	I am thankful to have had this experience and I highly recommend this institution to anyone who wishes to further their education.
3755	I am thankful for my experiences with this institution and I highly recommend it to anyone who wishes to further their education. The opportunity to have had such wonderful and caring professors who go above and beyond, was a bonus.
3756	It was great, I learned new things, and I was happy to finally get my degree.
3757	I am pleased that the staff of SKCTC have been very helpful. I thank all of the staff and teachers for all the help they have given me.
3758	I have had a wonderful experience at SKCTC. I will hopefully be returning to finish up my nursing in the fall of 2019. I highly recommend this college to anyone who has any questions about furthering their education.
3759	Financial Aid was always a hassle the four years I spent here. Online classes leave students to pay for a class where they have to teach themselves, and working bathroom stalls would be huge bonus.
3763	Overall, I am happy with my experience at SKCTC.
3770	great and affordable
3777	Respiratory instructors are AMAZING!!!!!!
3778	Respiratory instructors are so good to their students

ResponseID	Response
3779	na
3780	I felt connected to my professors. It was more than just lecture moments, these people genuinely cared for my education and success
3781	I felt connected to my professors. It was more than just lectures. They cared about my education and success.
3784	Great school and I loved my time here.
3786	Loved every teacher that I had, they all was great and taught very well. Some had few scary stories that came from other students as being hateful and mean, but they every one helped me since 2015. I'm gonna miss them.
3787	I have no complants with any of the staff at the Whitesburg Campus. Every one of them have been helpful the 4 years I have been going. I'm going to miss my teachers and the other staff personal. thanks for all the help and caring and understanding.
3789	I had a good experience
3791	KCTCS is a great school for older adults who wish to continue their education
3793	I attended another tech school for a semester before coming here. I found that SKCTC was a better fit for me. The instructor actually cared about his students and their future. The instructor and SKCTC went to all means to make sure that I finished and finished successfully.
3794	Being a new student in a learning environment the financial office, Anna Stewart went above to assist me in completing Federal Aide as well as Scholarship program. she had been very patient and knowledgeable in what was available.
3796	SKCTC provided an exceptional learning experience for me the past two years.
3798	Wonderful experience.
3799	Most of the instructors (Professors) were very helpful and supportive.
3801	loved it really think I am job ready

ResponseID	Response
3802	My classes have prepared me to further my education and to succeed at a University.
3803	It was overall a good experience.
3806	Very thankful for this institution because of the way it provides an affordable education without slacking on the education part of it.
3809	none I am very pleased and have a wonderful experience at SKCTC
3811	Nothing more i had a great experience with Southeast.
3816	Mrs. Lawson is the best
3818	The program is ran very well.
3822	great program
3826	I have enjoyed my experience at SKCTC. I think that I will be prepared to do well in my new career.
3838	I loved the teachers so much
3839	I would not rather go to any other college. I recommend KCTCS to anyone wanting to go to college.
3840	I had an awesome experience and I feel I was adequately prepared to be a nurse.
3841	Excellent experience with exceptional staff.
3844	I love attending KCTCS! Most everyone is so helpful. I love the nursing program. My nursing instructors were the best, they honestly would go out of their way to help the students. I can honestly say you can tell they truly want you to succeed in this program and in your future career! thanks KCTCS
3846	Bridge program students need to be given some essentials (copies of required skill sets, example of care plan, and other things not included in textbooks). Also bridge students need forewarning that the summer is very intense and have time to plan work schedules accordingly.
3847	A wonderful college to attend!

ResponseID	Response
3861	I was an online student for most of my time as a student with KCTCS. Almost all of the professors I had were great. Definitely better than my experience at a former college.
3862	Very good experience. Would highly recommend people attend this college.
3871	nothing
3873	none
3874	I am so grateful for my time at SKCTC. All of the professors and instructors are incredible at their jobs. All of the faculty members were very friendly and willing to help in any way possible. My adviser and instructors through the Physical Therapist Assistant program were very encouraging and truly devoted to the students.
3878	Doug Herren was an amazing instructor. Very knowledgeable and helpful.
3880	I am extremely grateful that I had the opportunity to earn my Associate's degree here at SKCTC. The instructors are amazing. My knowledge level has greatly increased, and for that, I am very thankful. Dr. Saeb Omar has been a huge influence on my future. He has implemented knowledge and wisdom on his students. It has changed the way that I view life in general.
3886	I am glad I came. It was a wonderful experience learning about heating and air conditioning. The teacher (Roger Bowling) was great teaching me about the program and giving me great experiences learning.
3888	I love this school and would tell anyone looking for a place close to home to study before making a big step from the high school level to a university to consider KCTCS!
3889	I am so thankful for my experience at Southeast, and I am also thankful to many of the wonderful teachers I had while getting my degree there.
3890	These past few years at Southeast have been a great learning experience and I'm thankful for the experiences I've had there
3891	I love Southeast
3894	Very satisfied with overall experience.

ResponseID	Response
3901	I love Southeast, best decision I have ever made for myself.
3902	I loved most of the staff and how they push us to reach our goals. Most of the staff was always friendly and helpful.
3906	My professors and advisors were amazing. The programs that have helped me especially the staff have been amazing and very pleasing to deal with and are a valuable resource and I could have not made it without them and their outstanding help. They need a raise for the quality of their assistance to all the people they help. Thank you to them.
3909	I am very happy to be able get my GED and my college classless and love working in maintenance my boss is very nice scottie caruba is a great boss
3910	none
3917	I would only feel comfortable sharing my true experience and factual knowledge with the President, under strict anonymity.
3925	michael carmack is an awesome advisor, and one of the greatest influences i have had on my life.
3926	michael carmack is awesome advisor and a has been a wonderful influence on my life and career.
3934	The college is bad, but the trade classes are perfect
3943	The Criminal Justice Program enabled me to gain employment with the Kentucky State Police. I begin my career with this agency in May of 2019. I couldn't have been more pleased with the individual attention and preparation that I have obtained by attending Southeast KCTCS. Thank you
3946	My experience has been great overall. The staff and instructors are always dedicated to your learning and development and I have always felt like anything that was done was for my benefit.
3947	N/A
3948	This college has prepared me for my future and the staff was a very great help to me.

ResponseID	Response
3950	My program instructor, Michael Carmack, is very professional and a very qualified instructor.
3951	;)
3959	my only complaint is that school needs to take into better consideration of weather closings. Some students travel an hour to campus across mountains and rough county and private roads. I risked my life many times to get to class and I think that is ridiculous. Two hour delays do nothing when your class starts at 10 and yet we still start at 10 on a two hour delay. Our program requires mandatory attendance and I think they should take that into consideration. Also not wait till 8:30 am to cancel because some students have already dropped their kids off at babysitters and already on their way. Please be more considerate with weather closings.
3966	The veterans rep on the Cumberland campus kept messing up my paperwork for my gi bill. I repeatedly had to stay on top of her to do her job. I also contacted the president in Middlesbrough about the situation and nothing has been done. This place is absolutely horrible if you're a veteran needing help. I have been treated unfairly and still haven't received all of my money from my first semester because my veterans rep put the wrong major. She didnt switch it till the end of Oct. So I only got paid for a month and a half. She still hasn't contacted the va to show i was in the industrial Maintenance the whole semester. I told this to the president and it didn't change anything. I would highly recommend that of anyone were a veteran not to go to school here. You will definitely be put in a hardship with no answers.
3970	The environment in which I received my education was very supportive.
3976	Missing my instructors already. :(
3978	The nursing program is wonderful. The friends I've made and the experiences I've had will last a lifetime!
3983	I've had a wonderful experience with the KCTCS system. The only improvement I could ask for is more help with finding scholarships and help for those who don't qualify for financial aid.
3987	I have had a good experience at SKCTC. The only thing I would change would be more advising with transferring.
3990	I had an awesome experience at KCTCS. I was afraid when i started as it had been a while since i was in school, but the teachers and staff

ResponseID	Response
	were very help in making me comfortable and they also encouraged and supported me the whole way.
3993	There's no better start than KCTCS.
4004	I have really enjoyed the time I have spent obtaining my AA/AS degrees here at SKCTC, and look forward to starting the Radiography Program this fall.
4006	Enjoyed everyone and everything at SKCTC! Very helpful, knowledgeable, genuine, and caring people all around that place.
4007	Great school glad I stayed home instead of going off to college
4013	Over all good experience.
4014	I was very satisfied with the outcome of the college. my only concern would be the Financial aid office. It was poorly used, as student had to wait and wait while she took 2 hour lunches an never cared about us. When seeing her she was rude and was not their to help us, this needs fixed and resolved now!
4015	The financial aid office needs work, the advisor is not for the students. She is never their! she takes 2 hour lunches and most students get mad and just leave!
4016	I have enjoyed every semester I have attended and the education I have received.
4018	N/A
4023	It was a great experience. I learned so much from being in my program and from my teachers.
4027	Absolutely loved it.
4029	SKCTC, is an amazing campus that I would recommend to high school students before going off to college.
4036	All faculty has always been very helpful with anything I have ask..
4039	It was a great experience.
4040	It's a great school to attend.

ResponseID	Response
4043	It has been a wonderful experience.
4044	SKCTC experience fro me was great. The professors were very encouraging and helpful, my advisor was also very helpful.
4046	none
4047	Great School. Great experience!
4048	-N/A
4050	I've had many great professors that have helped me learn much in the fields that they were teaching, and I was only dissatisfied with one of my professors. I've also had exclusively positive experiences with the staff at the school, whether it was with the advisors, the people in the admissions office, or any of the other staff members. It's been a positive experience being at the school overall.
4052	My instructor was very kind and patient. She made me feel as if she was truly there for me.
4070	Great School!
4071	Great School!
4075	Helpful Instructors who are understanding and happy to help you and push you towards your goal.
4079	I have really enjoyed my time at Southeast the staff are very friendly and always down to help you.
4081	everything was perfect.
4083	The professors here are out of this world. They are all about getting you to the next step, and to teach you. They genuinely care about your success, and your life during and after school. My time here was more than i could ask for, and I'm very grateful.
4087	In my opinion, I think some of the programs at SKCTC was a little bit disorganized.
4088	Very pleased with my experience in the SKCTC system.
4094	Completed all of my classes online and thoroughly enjoyed them.

ResponseID	Response
4100	Had a wonderful Instructor that made you feel good about learning and very understanding.
4102	Thanks to the staff I getting my degree was stress free. I had the best advisor and teachers I could have asked for.
4104	Overall great experience.
4108	I have enjoyed finishing my Associates in Arts degree at Southeast.
4111	Being out of school for nearly twenty years my experience was with KCTCS was amazing! Erica and Miss Chapman have been not only professional but also encouraging and have become a great friend. Without their support and believing in me I don't think I would still be seeking more college credits building my chance of one day graduating with a degree. These ladies are simply amazing!!
4115	a great school
4116	Great college
4120	Sheila Gordon would have to be one of the best advisers i have ever seen she will go that extra mile for you..she is excellent!!
4122	I loved all of my professors. I had a really good time learning at this facility. Everyone made me feel like I belonged here and welcomed to ask questions and participate in class discussions. I was welcomed, encouraged, praised and taught. I feel I got my money's worth and then some. Thank you very much, Southeast.
4123	n/a
4126	The Middlesboro Campus really needs to work on how they handle assisting students in the office. The will send you around to every person and yet you still have to go home without an answer.
4127	Some of the professor's really need to be examined a little more closely, pertaining to their teaching habits.
4128	have trouble with online tasks
4129	everything was great!
4130	My instructors have all been great! They were helpful and understanding when needed. Many have been available to email

ResponseID	Response
	about questions pertaining to my future, not just course related material, even at times they weren't my current instructors.
4135	I absolutely love this school
4136	Very Helpful and supportive
4139	I really enjoyed my time at SKCTC. I really enjoyed my classes and all of the professors were so helpful and my advisor has been great.
4140	I have had a great experience. I am grateful for the opportunity to continue my education.
4142	KCTCS was wonderful and helpful. Glad I chose this college to attend.
4143	Very rewarding experience
4144	I felt as if everyone here a Southeast community college in Whitesburg KY. has been so welcoming and helpful. I love this campus and the people here.
4145	Not bad
4147	It was a great experience
4149	I have no further comments.
4150	I loved the experience, and I hope to keep the friends I have made there for the rest of my life. Thank you for everything. :) This college has paved the way for me to continue my career in Information Technology. Thank you.
4155	My experience has been great.
4156	professors are always very helpful and thoughtful
4161	I found over all my time here at southeast went very well. I've learned far more then I set out too.
4167	The greatest part of my experience was the staff, including professors, admissions, records, advisors, business office, even the workers in the grill. Everyone is so personally-invested in students and it really shows in the success of the students.

ResponseID	Response
4170	great program made 98k first year our
4174	I'd like to add that Shelia Gordon and Lynn Cox are two of the best at southeast they always went above and beyond to make sure that you were always guided in the right direction.
4177	I learned a lot.
4183	I am very thankful for Southeast and I'm thankful for all the staff.
4188	Most of the advisers are good and help you along the way. My adviser made everything confusing and told me different things then what they were.
4196	Great place to prepare for a career
4197	Very great instructors.
4198	Thank your!
4199	very helpful instructors.
4204	Leann Turner has been a great mentor and has shown my classmates and I all she could possible in the time she has had with us in class. I couldn't have made it through this program without her guidance.
4205	none
4206	none
4207	none
4208	better internet
4210	I had a great experience with SKCTC while attending in 2019 for the Medical Assisting Program. Everyone at the Whitesburg Campus, including other students and faculty and staff all seemed to be so polite and helped anyway they could during my year at SKCTC.
4213	SKCTC gave me all the resources I needed to succeed in my current career.
4219	Very Pleased

ResponseID	Response
4221	Im glad I was able to be apart of this campus.
4222	Loved everyone who helped me along the way. Very helpful and encouraging staff.
4223	;)
4224	everything was very helpful
4237	I, Brandon Fultz was very satisfied with SKCTC and would recommend this school to any person whom wants to pursue higher education.
4247	very helpful
4248	i am very satisfied with what our instructors do for us to learn about this program. Keep up the good work!
4250	Nothing but great experiences, Everyone has been so nice and has helped me with anything I needed help with.
4252	The staff were very helpful, and always were so nice. I have had a great experience.
4253	When I first became a student at skctcs, my advisor was awful and as a result I took many classes that I didn't even need, and some I wasn't even prepared for. Now I have a new advisor and everything is on track for graduation.
4258	I thoroughly enjoyed my time here at SKCTC as it was a memorable stepping stone in my life that I will cherish. The faculty and staff were exceptionally welcoming and very passionate towards me and other students throughout campus. While I am looking forward to furthering my education at a university, SKCTC will always hold a special place in my heart.
4261	I love it here. The bookstore just needs a nicer manager. Also needs some better advisors.
4270	The faculty and staff at SKCTC are fantastic! I have absolutely no regrets or complaints in my experiences at SKCTC.
4271	The bookstore gave me frequent issues. I also experience issues with financial aid every semester. I had to go to the FA office and wait at

ResponseID	Response
	least 30 minutes every time to get it resolved, a few times I had to leave work to talk to them.
4272	N/A
4274	I loved SKCTC and it brought upon a great education and many lifelong friends. So thankful that I made the decision to attend this school.
4280	we need more to make it to the second year
4281	Loved attending this institution!!!
4287	I enjoyed the small-class atmosphere. It allowed me to have a more personal learning experience. I bonded with my classmates and professor, allowing me to be comfortable enough to ask questions and take my learning above and beyond.
4288	Wonderful staff
4291	I had a lot of fun while enrolled here and it'll stick in my memories as one of my favorite places to be at. ^_^
4292	none
4295	My professors at SKCTC were phenomenal! Without their willingness to ensure I understood everything, I would not be ready to graduate. I am so appreciative of all of my instructors.
4298	I had a great experience.
4299	I had a wonderful experience.
4300	My time at skctc has be very helpful and has helped me alot and I look forward to my future
4303	I had a wonderful experience.
4304	I had a wonderful experience.
4305	I have had a wonderful college experience at SKCTC.
4307	NA

ResponseID	Response
4308	All of the nursing instructors have been absolutely wonderful.
4313	My experience at SKCTCS has been wonderful. My only complaint is that the parking spots on the upper level parking are too small. Too often students were unable to use their drivers side door to enter their vehicles when someone else parked beside them.
4316	I am excited to start my journey as a nurse. This program has pushed and encouraged me to be the best version of my self. I also feel that this program has prepared me to use my skills in the real world.
4318	I feel prepared to take on my new role as a nurse thanks to SKCTC!
4319	I love Mrs. Shepherd!
4320	very satisfied.
4322	I absolutely loved my experience here at KCTCS in the nursing program! The instructors are amazing and really care about if we pass or fail! I wouldn't have traded my experience here for anything!
4325	I had a wonderful experience at Southeast Community College. I primarily attended the Middlesboro campus and would refer anyone seeking his or her education, to consider Southeast.
4333	Dr. Jill Dixon has been one of the best professors / teachers I have ever had the privilege of learning under. She genuinely cares about her students and goes above and beyond to see that her students achieve nothing less than success. Dr. Dixon expects a lot out of her students because she knows that she has equipped them with the knowledge and skills to not only succeed in life, but to help others succeed.
4334	My experience had been very good at Whitesburg SKCTS, I would highly recommend this program.
4335	My experience was very good at the Whitesburg SKCTC campus. I would highly recommend this program.
4337	Great experience!
4347	NA
4352	my time at Southeast community college has been exceptional. the respiratory program, Workstudy and financial aid has been top notch!

ResponseID	Response
4355	good experience at SEC
4359	SKCTC has a very good staff which is very friendly and very involved with your education.
4360	thank you for the knowledge.
4361	I greatly appreciate the ability to reach my advisor and instructors when needed. Ron has been outstanding in directing me from start to finish.
4362	I hate to leave SKCTC!! I love it here, love all the professors, staff and students. Such a great place to find your way.
4366	I had a very good experience at the Middlesboro campus 1/31.
4367	It was very good experience.
4376	Southeast is a very good school. I am very pleased with the experience I have had while attending this school. I am glad southeast offered the medical assisting program during the evenings which still allowed me to work.
4378	I have LOVED every minute of this program, despite the hard times. It has made me a better student, worker, and overall person. I am so excited to start my new life that this program will help me begin.
4379	I have LOVED every minute of this program, even through the hard times. It has made me a better student, worker, and even overall person. I am so excited to start my new life with the opportunities this program has given me!
4387	I couldn't imagine going back to school after 6 years. SKCTC helped every step of they way, and now here I am about to graduate with my Associates.
4388	I've had a wonderful experience here at SKCTC and made alot of great friends, including my teachers.
4391	Everyone at SKCTC has been exceptionally wonderful to this old Coal Miner. I have nothing but good things to say about my experience at KCTCS!

ResponseID	Response
4393	I had a great experience at SKCTC, I earned two degrees that will help me in life. It allows be to get a better job. I have came a long way to achieve this goal, and I feel accomplished.
4394	I have had a great experience here at Southeast!
4396	I've had a Great Experience at SKCTC. I would recommend this school to everyone.
4397	I was fond of and respected my teachers and the other faculty.
4398	I was fond of teachers and staff. It was great experience.
4405	Great experience! I just wish that the financial aid office was on the same page as the rest of the system. Other than that, no complaints!
4407	No comment
4420	I just want to brag on my advisor Sandy Holbrook... she always went above and beyond to help me any way she could!
4422	i loved it. everyone is very helpful.
4423	SKCTC is a awesome program!
4429	I enjoyed my experience
4430	I have enjoyed my two years at SKCTC! Very friendly staff and willing to help you if they can!
4431	I have enjoyed my 2 years at SKCTC! The staff is very friendly and will help you if needed!
4432	Great!
4440	Loved it. Wish I could get my BA here.
4441	Provided adequate help and education
4443	Everything was wonderful
4444	Great school and great instructors.

ResponseID	Response
4447	i am so thankful that i enrolled in respiratory care program. it quench my thirst of other helping people.
4449	The Respiratory Care Program (Pineville) is second to none. The instructors are the best. They go above and beyond to help you be able to achieve your goal. They will always be cared for very much. Thank you Mike Good, Emily Abrams, Ally Manning, and Nancy Miles (RET.) you all hold a very special place in my heart. Two thumbs up for this group.
4457	It has taken me longer than expected to complete my degree but I am so happy to say it's finished and I have had nothing but good experiences with this school.
